

United States. The allocations of the in-quota quantities of the raw cane sugar TRQ to countries that are net importers of sugar are conditioned on receipt of the appropriate verifications of origin, and certificates for quota eligibility must accompany imports from any country for which an allocation has been provided.

On July 9, 2020, the Secretary also announced the establishment of the in-quota quantity of the FY2021 refined sugar TRQ at 162,000 MTRV for which the sucrose content, by weight in the dry state, must have a polarimeter reading of 99.5 degrees or more. This amount includes the minimum level to which the United States is committed under the WTO Uruguay Round Agreements (22,000 MTRV of which 1,656 MTRV is reserved for specialty sugar) and an additional 140,000 MTRV for specialty sugars. The U.S. Trade Representative is allocating the refined sugar TRQ as follows: 10,300 MTRV of refined sugar to Canada, 2,954 MTRV to Mexico, and 7,090 MTRV to be administered on a first-come, first-served basis.

Imports of all specialty sugar will be administered on a first-come, first-served basis in five tranches. The Secretary has announced that the total in-quota quantity of specialty sugar will be the 1,656 MTRV included in the WTO minimum plus an additional 140,000 MTRV. The first tranche of 1,656 MTRV will open on October 1, 2020. All types of specialty sugars are eligible for entry under this tranche. The second tranche of 40,000 MTRV will open on October 8, 2020. The third tranche of 40,000 MTRV will open on January 21, 2021. The fourth tranche of 30,000 MTRV will open on April 15, 2021. The fifth tranche of 30,000 MTRV will open on July 15, 2021. The second, third, fourth, and fifth tranches are reserved for organic sugar and other specialty sugars not currently produced commercially in the United States or reasonably available from domestic sources.

With respect to the in-quota quantity of 64,709 metric tons (MT) of the TRQ for imports of certain sugar-containing products maintained under Additional U.S. Note 8 to chapter 17 of the HTSUS, the U.S. Trade Representative is allocating 59,250 MT to Canada. The remainder of the in-quota quantity, 5,459 MT is available for other countries on a first-come, first-served basis.

Raw cane sugar, refined and specialty sugar and sugar-containing products for

FY2021 TRQs may enter the United States as of October 1, 2020.

SUPPLEMENTARY INFORMATION:

I. Background

USTR and the Departments of Commerce and Agriculture will convene public hearings to hear firsthand from interested persons regarding trade-distorting policies that may be affecting seasonal and perishable products in U.S. commerce. The public hearings will be viewable online and USTR will provide information about viewing the hearings before the hearing dates. USTR invites all interested persons to participate in the hearings, but slots to participate may be limited due to time constraints and the number of requests. Unless circumstances warrant otherwise, USTR will process requests to participate and provide testimony at the hearing on a first come, first served basis. Instructions on how to submit a request to participate at the hearing are in section II below.

USTR invites comments and supporting documentation from interested persons on the following issues:

- Trade distorting policies that may be contributing to unfair pricing in the U.S. market and causing harm to U.S. seasonal and perishable producers in U.S. commerce.
- How the Administration can better support these producers and redress unfair harm.

II. Hearing Participation—Submission Requirements

The instructions for submitting requests to participate at the hearings and to make written submissions are the same as those included in the March 10, 2020 **Federal Register** notice (85 FR 13973) (March FRN) announcing hearing dates that were postponed due to COVID–19. Those instructions are included below with new deadlines. Please note the following:

- To ensure that USTR has a correct count of requests to testify, everyone who wants to participate in the virtual hearings in August must submit a request to testify by the July 27, 2020, 11:59 p.m. EST deadline. This applies to those who submitted a request to participate pursuant to the March FRN. If you submitted a request to testify pursuant to the March FRN but do not want to testify virtually at an August hearing, you do not need to take any further action.
- You do not have to resubmit written submissions that you submitted in response to the March FRN. You can update or supplement a prior submission, by following the instructions for written statements below.
- All parties who would like to provide testimony during either hearing

must submit a request to do so by the July 27, 2020, 11:59 p.m. EST deadline.

- All parties who wish to testify also must submit the statement they intend to present at the hearing by the August 3, 2020, 11:59 p.m. EST deadline. Remarks at the hearing will be limited to five minutes, and might be further limited if circumstances warrant, to allow adequate time for questions from the panel.

- As noted above, USTR will process requests to participate and provide testimony at the hearing on a first come, first served basis unless circumstances warrant otherwise. If you submit a request to participate by the July 27, 2020 deadline, USTR will notify you as soon as practicable whether or not you have been selected to participate in the virtual hearings. If selected, USTR will provide further details and instructions on procedures for participating virtually. USTR will consider all written statements submitted by the August 3, 2020 deadline.

- Interested parties who do not want to testify virtually at either hearing may still submit written comments for consideration by the August 3, 2020 deadline.

To submit a request to provide testimony virtually, go to www.regulations.gov. To make a submission via *Regulations.gov*, enter docket number USTR–2020–0010 in the ‘search for’ field on the home page and click ‘search.’ The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting ‘notice’ under ‘document type’ in the ‘filter results by’ section on the left side of the screen and click on the link entitled ‘comment now.’ In the “comment” field on the next page, identify the hearing at which you would like to testify and provide the full name, address, email address, and telephone number of the person who wishes to present the testimony. Parties who submit requests to testify without identifying a preferred date will be assigned a date to the extent there is availability and unless circumstances warrant otherwise.

To submit a written statement, the *Regulations.gov* website allows users to provide comments by filling in a ‘type comment’ field or by attaching a document using the ‘upload file(s)’ field. USTR prefers that you provide submissions in an attached document. The file name should include the name of the person who will be presenting the testimony, or if not testifying, the name of the person submitting the statement. The name of the presenter also should be clear in the content of the file itself.

All submissions must be in English and be prepared in (or be compatible with) Microsoft Word (.doc) or Adobe Acrobat (.pdf) formats. Include any data attachments to the submission in the same file as the submission itself, and not as separate files.

For additional information on using the *Regulations.gov* website, please consult the resources provided on the website by clicking on ‘how to use this site’ on the left side of the home page.

You must clearly designate business confidential information (BCI) by marking the submission ‘BUSINESS CONFIDENTIAL’ at the top and bottom of the cover page and each succeeding page, and indicating, via brackets, the specific information that is confidential. A submitter requesting that USTR treat information in a submission as BCI must certify that the information is business confidential and would not customarily be released to the public by the submitter. You must include ‘business confidential’ in the ‘type comment’ field, and must add ‘business confidential’ to the end of your file name for any attachments. For any submission containing BCI, you also must attach a separate non-confidential version (*i.e.*, not as part of the same submission with the BCI version), indicating where confidential information has been redacted. USTR will place the non-confidential version in the docket and it will be available for public inspection. USTR may not accept BCI submissions that do not have the required markings, or are not accompanied by a properly marked non-confidential version, and may consider the submission to be a public document.

Submissions responding to this notice, except for information granted BCI status, will be available for public viewing at *Regulations.gov* upon completion of processing. You can view submissions by entering docket number USTR–2020–0010 in the search field at *Regulations.gov*.
