

Annual Burden Hours: 1,522.8.
Number of Respondents: 30,456.
Responses Per Response: 1.
Average Burden Per Response: 5 Minutes.

Frequency: Annually.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are runners who are signing up for the Marine Corps Marathon races held by the Marine Corps Marathon office, Marine Corps Base Quantico. The three races are the Marine Corps Marathon, the Marine Corps Marathon 10k and the Marine Corps Marathon Healthy Kids Fun Run. The Marine Corps Marathon office records the data of all runners to conduct the races in preparation and execution of the races and to record statistical information for sponsors, media and for economic impact studies. Collecting this data of the runners is essential for putting on the races.

Dated: January 9, 2006.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Board of Visitors, United States Military Academy (USMA)

AGENCY: Department of the Army, DoD.

ACTION: Notice of open meeting.

SUMMARY: In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following committee meeting:

Name of Committee: Board of Visitors, United States Military Academy.

Date: Wednesday, February 8, 2006.

Place of Meeting: Veterans Affairs Conference room, Room 418, Senate Russell Building, Washington, DC 20510.

Start Time of Meeting: Approximately 9 a.m.

FOR FURTHER INFORMATION CONTACT: Lieutenant Colonel Shaun T. Wurzbach, United States Military Academy, West Point, NY 10996-5000, (845) 938-4200.

SUPPLEMENTARY INFORMATION: *Proposed Agenda:* Organizational Meeting of the Board of Visitors. Review of the Academic, Military and Physical Programs at the USMA. Sub Committee meetings on Academics, Military/Physical and Quality of Life to be held

prior to Organizational meeting. All proceedings are open.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

Department of the Army; Corps of Engineers

Availability of the Draft Supplemental Environmental Impact Statement for the Boston Harbor Inner Harbor Maintenance Dredging Project

AGENCY: Department of the Army; U.S. Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: The U.S. Army Corps of Engineers, New England District, has prepared a Draft Supplemental Environmental Impact Statement and State Notice of Project Change (DSEIS/NPC) to maintenance dredge the following Federal navigation channels: the Main Ship Channel upstream of Spectacle Island to the Inner Confluence, the upper Reserved Channel, the approach to the Navy Dry Dock, and a portion of the Chelsea River (previously permitted) in Boston Harbor, MA. Maintenance dredging of the navigation channels landward of Spectacle Island is needed to remove shoals and restore the Federal navigation channels to their authorized depths. Materials dredged from the Federal channels will either be disposed of at the Massachusetts Bay Disposal Site (if the material is suitable for unconfined open water disposal) or, if the material is not suitable for unconfined open water disposal, in confined aquatic disposal (CAD) cell(s). Major navigation channel improvements (deepening) were made in 1999 through 2001 in the Reserved Channel, the Mystic River, Inner Confluence and the Chelsea River. A final EIS was prepared for this previous navigation improvement project in June of 1995 in which the use of CAD cells in the Mystic River, Inner Confluence, and Chelsea River were investigated. A CAD cell for the proposed maintenance project will be constructed in the Mystic River and in the Main Ship Channel just below the Inner Confluence.

DATES: Submit comments on or before February 27, 2006.

ADDRESSES: If you wish to receive a copy of the DSEIS, Executive Summary, or provide comments on the DSEIS/NPC, please contact Ms. Catherine Rogers, Ecologist, U.S. Army Corps of

Engineers, New England District, Evaluation Branch, 696 Virginia Road, Concord, MA 01742.

FOR FURTHER INFORMATION CONTACT: Ms. Catherine Rogers, (978) 318-8231.

SUPPLEMENTARY INFORMATION: The U.S. Army Corps of Engineers is authorized by the various Rivers and Harbor Acts and Water Resources Development Acts to conduct maintenance dredging of the Federal navigation channels and anchorage areas in Boston Harbor.

A public meeting to solicit comments has been scheduled for 2 p.m. on Tuesday, February 14, 2006, on the second floor of the Black Falcon Cruise Terminal, One Black Falcon Avenue, Boston, MA.

Dated: December 30, 2005.

Curtis L. Thalken,

Colonel, Corps of Engineers, New England District.

Intent To Prepare a Draft Environmental Impact Statement/ Environmental Impact Report (DEIS/ EIR) for the Westminster Watershed Study, Orange County, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: The purpose of this study is to evaluate the Westminster watershed ecosystem and look for multipurpose recommendations for how to more effectively manage its natural resources. There is a need for both flood control improvements as well as ecosystem habitat restoration. The study area is located in western Orange County, CA, approximately 25 miles southeast of the City of Los Angeles. The Westminster watershed lies on a flat coastal plain, is approximately 90 square miles in area, and is almost entirely urbanized with residential and commercial development. There are two main channel systems that collect runoff from portions of urbanized areas in the cities of Anaheim, Stanton, Cypress, Orange, Santa Ana, Garden Grove, Westminster, Fountain Valley, Los Alamitos, Seal Beach, and Huntington Beach.

The East Garden Grove-Wintersburg Channel (EGGW), with its principal tributary, the Ocean View Channel (OV), drains into Bolsa Bay. Two retarding basins (Haster and West Street) exist at the upstream reach of the EGGW

channel. Bolsa Bay includes the Bolsa Chica Lowlands and Ecological Reserve, and is a major environmental resource in southern California. The Bay has been designated as an area of national significance, and is host to a wide assemblage of resident and migratory waterfowl and marine species including over 30 Federal and/or State listed sensitive species that utilize the wetlands during all or part of their annual cycle.

The Bolsa Chica Flood Control Channel (BCFC), with its principal tributaries, the Anaheim-Barber City Channel and Westminster Channel, drains to Huntington Harbour. The BCFC Channel drains the western portion of the study area, with a significant portion of property adjacent to the Seal Beach Naval Weapons Station of the U.S. Navy and 1.5 miles runs through and adjacent to the Los Alamitos Armed Forces Training Base. Aside from the military facilities, this portion of the watershed is almost entirely urbanized. Agriculture is still practiced under leases granted by the Navy on portions of their property. The BCFC Channel outlets into Huntington Harbour, but unlike EGGW, does not outlet into Bolsa Bay. The sole ocean outlet for both Bolsa Bay and Huntington Harbour is to the north at Anaheim Bay and the Seal Beach National Wildlife Refuge. Tidal influence in the lowermost portion of the BCFC and East Garden Grove-Wintersburg Channels extended approximately 2 miles inland.

ADDRESSES: Submit comments to Ms. Lydia Lopez-Cruz at U.S. Army Corps of Engineers, Los Angeles District, CESPL-PD-RN, c/o Lydia-Cruz, P.O. Box 532711, Los Angeles, CA 90053-2325.

FOR FURTHER INFORMATION CONTACT: Ms. Lydia Lopez-Cruz, Environmental Coordinator, at 213-452-3855 or e-mail at lydia.lopez-cruz@usace.army.mil.

SUPPLEMENTARY INFORMATION: 1.

Authorization. The proposed study is authorized in response to a House Resolution dated May 8, 1964, which reads as follows:

“Resolved by the Committee on Public Works of the House of Representatives, United States, that the Board of Engineers for Rivers and Harbors is hereby requested to review the reports on (a) San Gabriel River and Tributaries, published as House Document No. 838, 76th Congress, 3d Session; (b) Santa Ana River and Tributaries, published as House Document No. 135, 81st Congress, 1st Session; and (c) the project authorized by the Flood Control Act of 1936 for the protection of the metropolitan area in Orange County, with a view to determining the advisability of modification of the

authorized projects in the interest of flood control and related purposes.”

2. **Background.** Before development, the watershed was largely comprised of grasses and trees, such as oaks, cottonwoods and sycamore. Early development was primarily agricultural with some residential. As of the early 1990s, 85 percent of the Westminster watershed was urbanized. Land use consists primarily of residential, commercial, military, light industrial, schools and parks, and transportation facilities. It is expected that in the next 50 years full development of the remaining agricultural and vacant land will occur. This future potential development is not expected to significantly affect the current flood conditions.

3. **Scoping Process.** A scoping meeting is scheduled for January 25, 2006, 6:30–8 p.m., at Garden Grove Civic Center, Community Meeting Center, Constitution Room, 11300 Stanford Ave., Garden Grove, CA 92840. Additional public meetings will be scheduled throughout the study. For specific dates, times and locations please contact Mary Anne Skorpanich, Orange County, at 714-834-5311 or e-mail at MaryAnne.Skorpanich@rdmd.ocgov.com. Potential impacts associated with the proposed action will be evaluated. Resource categories that will be analyzed are: physical environment, geology, biological resources, air quality, water quality, recreational usage, aesthetics, cultural resources, transportation, noise, hazardous waste, socioeconomic and safety.

b. Participation of affected Federal, State and local resource agencies, Native American groups and concerned interest groups/individuals is encouraged in the scoping process. Time and location of the Public Scoping meeting will also be announced by means of a letter, public announcements and news releases. Public participation will be especially important in defining the scope of analysis in the EIS/EIR, identifying significant environmental issues and impact analysis in the EIS/EIR and providing useful information such as published and unpublished data, personal knowledge of relevant issues and recommending mitigative measures associated with the proposed action.

c. Those interested in providing information or data relevant to the environmental or social impacts that should be included or considered in the environmental analysis can furnish this information by writing to the points of contact indicated above or by attending the public scoping meeting. A mailing

list will also be established so pertinent data may be distributed to interested parties.

Dated: January 5, 2006.

Alex C. Dornstauder,

Colonel, U.S. Army, District Engineer.

BILLING CODE 3710-KF-M

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before February 13, 2006.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Rachel Potter, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503 or faxed to (202) 395-6974.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.
