Paperwork Reduction Act Requirements

In accordance with the Paperwork Reduction Act, the information collection request that supports CAWA was submitted to OMB for emergency approval. OMB approved the 6-month emergency information collection under OMB control number 0560-0308. The CAWA Program will be available for up to 6 months for making the payments to the eligible apparel manufacturers, Pima cotton spinners, and wool fabric manufacturers and wool spinners that have experienced a decrease of at least 15 percent in gross sales or consumption in calendar year 2020, compared to any one of calendar years 2017, 2018, or 2019.

Environmental Review

The environmental impacts have been considered in a manner consistent with the provisions of the National Environmental Policy Act (NEPA, 42 U.S.C. 4321-4347), the regulations of the Council on Environmental Quality (40 CFR parts 1500-1508), and the FSA regulation for compliance with NEPA (7 CFR part 799).

As previously stated, CAWA will provide payment to the eligible apparel manufacturers, Pima cotton spinners, and wool fabric manufacturers and wool spinners that experienced a decrease of at least 15 percent in gross sales or consumption in calendar year 2020, compared to any one of calendar years 2017, 2018, or 2019. The limited discretionary aspects of CAWA do not have the potential to impact the human environment as they are administrative. Accordingly, these discretionary aspects are covered by the FSA Categorical Exclusion specified in 7 CFR 799.31(b)(6)(vi) that applies to safety net programs.

No Extraordinary Circumstances (§ 799.33) exist. As such, the implementation of CAWA and the participation in CAWA do not constitute major Federal actions that would significantly affect the quality of the human environment, individually or cumulatively. Therefore, FSA will not prepare an environmental assessment or environmental impact statement for this action and this document serves as documentation of the programmatic environmental compliance decision for this Federal action.

Federal Assistance Programs

The title and number of the Federal assistance programs, as found in the

Assistance Listing,¹ to which this document applies is 10.149, Cotton and Wool Apparel Program (CAWA).

USDA Non-Discrimination Policy

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family or parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (for example, braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA TARGET Center at (202) 720-2600 or (844) 433-2774 (toll-free nationwide). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at <https://www.usda.gov/oascr/how-to-file-a-program-discrimination-complaint> and at any USDA office or write a letter addressed to USDA and provide in the letter all the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by mail to: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410 or email: OAC@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

Title: 7 CFR part 215, Special Milk Program for Children.

Form Number: FNS-10 and FNS-777.

OMB Number: 0584-0005.

Expiration Date: July 31, 2022.

Type of Request: Extension without change of a currently approved collection.

Abstract: Section 3 of the Child Nutrition Act (CNA) of 1966, (42 U.S.C. 1772) authorizes the Special Milk Program (SMP). It provides for the appropriation of such sums as may be necessary to enable the Secretary of Agriculture to encourage the consumption of fluid milk by children in the United States in: (1) Nonprofit schools of high school grade and under; and (2) nonprofit nursery schools, child care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children, which do not participate in a food service program authorized under the CNA or the National School Lunch Act.

Section 10 of the CNA (42 U.S.C. 1779) requires the Secretary of Agriculture to prescribe such regulations as deemed necessary to carry out this Act and the National School Lunch Act. Pursuant to that provision, the Secretary has issued 7 CFR part 215, which sets forth policies and procedures for the administration and operation of the SMP. State and local operators of the SMP are required

to meet Federal reporting and accountability requirements. This information collection is required to administer and operate this program. The Program is administered at the State, school food authority (SFA), and child care institution levels; and operations include the submission of applications and agreements, submission and payment of claims, and maintenance of records. The reporting and record keeping burden associated with this revision has remained the same at 13,325 hours. All reporting and recordkeeping requirements associated with the SMP are currently approved by the Office of Management and Budget and are in force. This is an extension without change of the currently approved information collection.

Forms FNS-10 and FNS-777 collect information that are associated with this information collection; however, these forms are approved under another FNS information collection. Forms FNS-10 and FNS-777 are used by the State agencies to report program data. These forms, and the reporting burden associated with them, are approved under OMB# 0584-0594 Food Programs Reporting System (FPRS) (expiration date 7/31/23). The recordkeeping burden associated with these forms is covered in this collection.

Agency Information Collection Activities: Generic Clearance for the Development of Nutrition Education Messages and Products for the General Public

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This is a revision of a currently approved collection. This notice announces the Center for Nutrition Policy and Promotion's (CNPP) intention to request the Office of Management and Budget's approval of the information collection processes and instruments to be used during consumer research while testing nutrition education messages and products developed for the general public. The purpose of performing consumer research is to identify consumers' understanding of potential nutrition education messages and obtain their reaction to prototypes of nutrition education products, including internet-based tools. The information collected will be used to refine messages and improve the usefulness of products as well as aid consumer understanding of *Dietary Guidelines*-grounded messages and related materials.

DATES: Written comments must be received on or before July 5, 2022.

ADDRESSES: Comments may be sent to: Jessica Larson, Food and Nutrition Service, U.S. Department of Agriculture, 1320 Braddock Place, Fourth Floor, Alexandria, VA 22314. Comments may also be submitted via email to SM.FN.CNPPSupport@usda.gov. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov> and follow the online instructions for submitting comments electronically.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will be a matter of public record.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title: Generic Clearance for the Development of Nutrition Education Messages and Products for the General Public.

Form Number: Not applicable.

OMB Number: 0584–0523.

Expiration Date: 11/30/2022.

Type of Request: Revision of a currently approved collection.

Abstract: The Center for Nutrition Policy and Promotion (CNPP) of the U.S. Department of Agriculture (USDA) conducts consumer research to identify key issues of concern related to the public understanding the consumer translation of key guidance from the *Dietary Guidelines for Americans* (*Dietary Guidelines* or *Guidelines*) into consumer messages, tools and resources.

As background, the *Dietary Guidelines* is a primary source of dietary health information in the form of technical publication written for use by professional audiences, not consumers. Users include Federal agencies, health professionals, policy makers, and nutrition educators. Issued jointly by the USDA and Health and Human Services (HHS) every five years, the *Guidelines* serve as the cornerstone of Federal nutrition policy and form the basis for these agencies' development of consumer nutrition education efforts (nutrition messaging and development of consumer materials). Translation of key guidance from the technically written *Dietary Guidelines* into consumer messages and resources is essential so that the public has resources to help them make healthier eating choices. After the release of the 2010 *Dietary Guidelines* for use by professional audiences, a consumer communication initiative built around

USDA's new *MyPlate* icon, including the resources at www.MyPlate.gov, was launched. *MyPlate* is a visual cue supported by messages and resources to help consumers make better food choices; these consumer materials are consistent with the *Dietary Guidelines*. It illustrates the five food groups and uses a familiar mealtime visual, a place setting, to prompt Americans to eat more healthfully. Information collected from consumer research will be used in further development of consumer nutrition messages and related resources to be communicated through *MyPlate*. These may include:

1. Messages and resources that help consumers make healthier food choices, grounded in the latest *Dietary Guidelines*;

2. Additions and enhancements to the www.MyPlate.gov website;

3. Materials relaying consumer messages supporting *MyPlate*, grounded in the latest *Dietary Guidelines*, for special population groups; and

4. New policy, messages, resources, and tools that might be developed as a result of the most current *Dietary Guidelines*, as well as the most currently available technologies.

CNPP works to improve the health and well-being of Americans by developing and promoting dietary guidance that links scientific research to the nutrition needs of consumers across the lifespan.

CNPP has among its major functions the development and coordination of nutrition guidance within USDA and is involved in the investigation of techniques for effective nutrition communication. Under Subtitle D of the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3171–3175), the Secretary of Agriculture is required to develop and implement a national food and human nutrition research and extension program, including the development of techniques to assist consumers in selecting food that supplies a nutritionally adequate diet. Pursuant to 7 CFR 2.19(a)(3), the Secretary of Agriculture has delegated authority to CNPP for, among other things, developing materials to aid the public in selecting food for good nutrition; coordinating nutrition education promotion and professional education projects within the Department; and consulting with the Federal and State agencies, the Congress, universities, and other public and private organizations and the general public regarding food consumption and dietary adequacy.

Under Section 301 of Public Law 101–445 (7 U.S.C. 5341, the National
