

ACTION: Notice of a joint public meeting.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a meeting involving advisory panel (AP) chairs, vice chairs, and other representatives to provide input on the draft Comprehensive Acceptable Biological Catch (ABC) Control Rule Amendment.

DATES: The meeting will be held via webinar on August 10, 2022, from 9 a.m. until 12 p.m., EDT.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Registration is required. Webinar registration, an online public comment form, and briefing book materials will be available one week prior to the meeting at: <https://safmc.net/advisory-council-meetings/>.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The ABC Control Rule Amendment considers revisions to the ABC control rule for the Dolphin Wahoo, Golden Crab, and Snapper Grouper Fishery Management Plans. These revisions include changes to the structure of the control rule in how risk and uncertainty components are handled, allowance of phasing in ABC changes over multiple years, and allowance for unharvested portions of annual catch limits (ACL) to be carried over to increase ACL in the following year. The AP representatives will discuss each of these actions, providing comments and recommendations for the Council's consideration.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 18, 2022.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Mid-Atlantic Fishery Management Council (MAFMC); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Mid-Atlantic Fishery Management Council (Council) will hold public meetings of the Council including joint sessions with the Atlantic States Marine Fisheries Commission's Bluefish and Summer Flounder, Scup, and Black Sea Bass Management Boards.

DATES: The meetings will be held Monday, August 8 through Thursday, August 11, 2022. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES:

Meeting address: The meeting will be held at The Notary Hotel (21 N. Juniper Street, Philadelphia, PA 19107); telephone: (215) 496-3200.

This meeting will be conducted in a hybrid format, with options for both in person and webinar participation. Webinar registration details will be available on the Council's website at <https://www.mafmc.org/briefing/august-2022>.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State St., Suite 201, Dover, DE 19901; telephone: (302) 674-2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council; telephone: (302) 526-5255. The Council's website, www.mafmc.org also has details on the meeting location, proposed agenda, webinar listen-in access, and briefing materials.

SUPPLEMENTARY INFORMATION: The following items are on the agenda, although agenda items may be addressed out of order (changes will be noted on the Council's website when possible.)

Monday, August 8, 2022

Council Meeting With the ASMFC Bluefish Management Board

Bluefish 2023 Specifications

Review recommendations from the Scientific and Statistical Committee (SSC), Monitoring Committee, Advisory Panel, and staff

Review previously adopted commercial and recreational catch and landings limits for 2023 and review as necessary

Review and review 2023 commercial and recreational measures if needed
ASMFC Bluefish Board Only

Tuesday, August 9, 2022

Council Meeting With the ASMFC Summer Flounder, Scup, and Black Sea Bass Management Board

EAFM Recreational Summer Flounder Management Strategy Evaluation

Review MSE model results and work group recommendations

Provide feedback and direction for potential application of MSE results

Summer Flounder 2023 Specifications

Review recommendations from the SSC, Monitoring Committee, Advisory Panel, and staff

Review previously adopted commercial and recreational catch and landings limits for 2023 and revise as necessary

Review and revise 2023 commercial measures if needed

Scup 2023 Specifications

Review recommendations from the SSC, Monitoring Committee, Advisory Panel, and staff

Review previously adopted commercial and recreational catch and landings limits for 2023 and revise as necessary

Review and revise 2023 commercial measures if needed

Black Sea Bass 2023 Specifications

Review recommendations from the SSC, Monitoring Committee, Advisory Panel, and staff

Review previously adopted commercial and recreational catch and landings limits for 2023 and revise as necessary

Review and revise 2023 commercial measures if needed

ASMFC Summer Flounder, Scup, Black Sea Bass Board Only

Wednesday, August 10, 2022

BOEM Guidance for Mitigating Impact of Offshore Wind Energy Projects on Commercial and Recreational Fisheries

Review draft guidance and discuss Council comments

Community Offshore Wind Project (lease OCS-A-0539 off New Jersey)

Presentation by RWE representatives

East Coast Climate Change Scenario Planning

Update on draft scenarios and next steps

Ecosystem and Ocean Planning (EOP) Committee Report

Report on EOP Committee and Advisory Panel meeting on potential designation of Hudson Canyon National Marine Sanctuary

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Draft Revised Management Plan for the He'eia National Estuarine Research Reserve

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Request for comments on draft revised management plan.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) is soliciting comments from the public regarding a proposed revision of the management plan for the He'eia National Estuarine Research Reserve. A management plan provides a framework for the direction and timing of a reserve's programs; allows reserve managers to assess a reserve's success in meeting its goals and to identify any necessary changes in direction; and is used to guide programmatic evaluations of the reserve. Plan revisions are required at least every five years. This revised plan is intended to replace the plan approved in 2016.

DATES: Comments must be received at the appropriate address (see **ADDRESSES**) on or before 30 days after the publication date of the **Federal Register** Notice.

ADDRESSES: The draft revised management plan can be downloaded or viewed at: <https://heeianerr.org/request-for-comments-on-draft-revised-management-plan/>. The document is also available by sending a written request to the point of contact identified below (see **FOR FURTHER INFORMATION CONTACT**).

You may submit comments by:

Electronic Submission: Submit all electronic public comments by email to jean.tanimoto@noaa.gov. Include "Comments on Draft He'eia National Estuarine Research Reserve Management Plan" in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Jean Tanimoto of NOAA's Office for Coastal Management by email at jean.tanimoto@noaa.gov, phone at (808) 725–5253, or mail—1845 Wasp Blvd., Bldg 176 Honolulu, HI 96816.

SUPPLEMENTARY INFORMATION: Pursuant to 15 CFR 921.33(c), a State must revise the management plan for the research reserve at least every five years. If approved by NOAA, the He'eia National Estuarine Research Reserve's revised plan will replace the plan previously approved in 2016.

A management plan outlines the reserve's strategic goals and objectives; administrative structure; programs for conducting research and monitoring, education, and training; programs that address resource protection and restoration; public access and visitor use plans; consideration for future land acquisition; and facility development.

This draft revised management plan is a minor update of the prior plan, and maintains a strong foundation that honors the past by using indigenous resource management practices to support the sustainable co-management of the He'eia estuary. Core to the plan is the *ahupua'a*—the Hawaiian conceptualization of community that extends from mountain to oceans; and *'āina momona*—using indigenous approaches to manage resources toward a state of sustainable abundance. Changes outlined in the plan relate to updated strategies and goals for the reserve's education, research, stewardship, and coastal training programs; staffing and organizational needs; and planned facilities and infrastructure development.

Since its designation in 2016, this reserve has supported community-led *ahupua'a* scale restoration in the He'eia estuary with the removal of 20 acres (80,000 square meters) of invasive mangroves and plants replacing them with native plant species; agroforestry and *lo'i* cultivation; produced publications on Native Hawaiian land and sea management practices; and restored the He'eia fishpond. As a newly established reserve, the reserve hired a staff team consisting of a reserve manager, research coordinator, education coordinator, coastal training program coordinator, and research technician. These staff play an important role in building community-
