## **DEPARTMENT OF STATE**

[Public Notice 5215]

## Notice of Meeting; United States International Telecommunication Advisory Committee; Information Meeting on the World Summit on the Information Society

The Department of State announces a meeting of the U.S. International Telecommunication Advisory Committee (ITAC). The purpose of the Committee is to advise the Department on matters related to telecommunication and information policy matters in preparation for international meetings pertaining to telecommunication and information issues.

The ITAC will meet to discuss matters related to the recently concluded World Summit on the Information Society (WSIS). The meeting will take place on

Thursday, December 15, 2005 from 10:30 a.m. to 12 p.m. in the auditorium of the Historic National Academy of Science Building. The National Academy of Sciences is located at 2100 C St. NW., Washington, DC.

Members of the public are welcome to participate and may join in the discussions, subject to the discretion of the Chair. Persons planning to attend this meeting should send the following data by fax to (202) 647–5957 or e-mail to *jillsonad@state.gov* not later than 24 hours before the meeting: (1) Name of the meeting, (2) your name, and (3) organizational affiliation. A valid photo ID must be presented to gain entrance to the National Academy of Sciences Building. Directions to the meeting location may be obtained by calling the ITAC Secretariat at (202) 647–5205.

Dated: November 17, 2005.

#### Anne Jillson,

Foreign Affairs Officer, International Communications and Information Policy, Department of State.

# Proposed Advisory Circular 25.981–2A, Fuel Tank Flammability

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice of Availability of Proposed Advisory Circular (AC) 25.981–2A, and request for comments.

**SUMMARY:** This notice announces the availability of and requests comments on a proposed advisory circular (AC) which sets forth an acceptable means, but not the only means, of demonstrating compliance with the provisions of the airworthiness standards for transport category airplanes related to Fuel Tank Flammability Reduction. This proposed AC complements revisions to the airworthiness standards that are being proposed by a separate notice. This notice is necessary to give all interested persons an opportunity to present their views on the proposed AC.

**DATES:** Comments must be received on or before March 23, 2006.

ADDRESSES: Send all comments on proposed AC to: Federal Aviation Administration, Attention: Mike Dostert, Propulsion/Mechanical Systems Branch, ANM-112, FAA, Transport Airplane Directorate, Aircraft Certification Service, 1601 Lind Avenue SW., Renton, WA 98055–4056. Comments may be inspected at the above address between 7:30 a.m. and 4 p.m. weekdays, except Federal holidays. FOR FURTHER INFORMATION CONTACT: Jan Thor, Transport Standards Staff, at the address above, telephone (425) 227–2127.

## SUPPLEMENTARY INFORMATION:

#### **Comments Invited**

Interested persons are invited to comment on the proposed AC by submitting such written data, views, or arguments, as they may desire. Commenters should identify AC 25.981-2A and submit comments, in duplicate, to the address specified above. All communications received on or before the closing date for comments will be considered by the Transport Standards Staff before issuing the final AC. The proposed AC can be found and downloaded from the Internet at *http:* //www.airweb.faa.gov/rgl under "Draft Advisory Circulars." A paper copy of the proposed AC may be obtained by contacting the person named above under the caption FOR FURTHER INFORMATION CONTACT.

## Discussion

This proposed AC provides information and guidance on compliance with the airworthiness standards for transport category airplanes about limiting the time a fuel tank may be flammable or mitigation of hazards from flammable fuel air mixtures within fuel tanks. This guidance is applicable to transport category airplanes for which a new, amended, or supplemental type certificate is requested and affected existing design approval holders as stated in proposed §§ 25.1815, 25.1817, 25.1819, and 25.1821 contained in a proposed new subpart I to Title 14, Code of Federal Regulations (14 CFR) part 25, "Continued Airworthiness and Safety Improvements." The AC also provides guidance on compliance with the associated proposed requirements for operators of affected airplanes that must comply with the requirements of 14 CFR parts 91, 121, 125, and 129 (for a foreign person or foreign air carrier operating a U.S.-registered airplane) to incorporate flammability mitigation means by specified dates.

The Notice of Proposed Rulemaking would not apply the proposed new requirements to transport category airplanes designed solely for cargo carriage. However, AC 25.981–2 remains applicable to these airplanes, which must comply with the current flammability standards contained in
