DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. Chapter 3507(j)), since public harm is reasonably likely to result if

normal clearance procedures are followed. Approval by the Office of Management and Budget (OMB) has been requested by April 15, 2003. A regular clearance process is also beginning. Interested persons are invited to submit comments on or before May 27, 2003.

ADDRESSES: Written comments regarding the emergency review should be addressed to the Office of Information and Regulatory Affairs, Attention: Lauren Wittenberg, Desk Officer: Department of Education, Office of Management and Budget; 725 17th Street, NW., Room 10235, New Executive Office Building, Washington, DC 20503 or should be electronically mailed to the Internet address Lauren_Wittenberg@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on respondents, including through the use of information technology.

John D. Tressler,

Type of Review: Reinstatement, without change, of a previously approved collection for which approval has expired.

Title: Grants to States for Training Incarcerated Youth Offenders—Eligible Population Data Request Form (KA).

Abstract: States must submit an annual count of "eligible students" in order for Department of Education staff to run a formula and make annual awards under already approved three year operating plans. The data requested from the State is necessary to run the allocation formula.

Additional Information: Fiscal Year 2003 dollars are needed by the State agencies in order to purchase educational services for the coming fall. States would normally be asked to provide their May 1 census figures by June 1, 2003. Emergency approval of this collection is requested because a delay would result in serious disruption of ongoing instructional programs in State correctional education agencies. This disruption would result in significant waste of investments to date in these program services.

Frequency: Other: three year plan.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs (primary).

Reporting and Recordkeeping Hour Burden:

Responses: 50.

Burden Hours: 500.
