Needs and Uses: The Commission is submitting this expiring information collection to the Office of Management and Budget (OMB) for approval of an extension request (no change in the public reporting, recordkeeping and/or third party disclosure requirements).

The Commission is reporting an 80 hour increase in the total annual burden. This change is due to an increase in the number of respondents filing equipment transfer notifications due to an increase in school closings and consolidations.

In the event that a recipient of equipment purchased with E-rate funds is permanently or temporarily closed and the equipment is transferred, the transferring entity must notify USAC of the transfer, and both the transferring and receiving entities must maintain detailed records documenting the transfer and the reasons for the transfer for a period of five years. The purpose of this notification is to prevent waste, fraud and abuse.
