

Options Member's business model or business activities may dictate that an information barrier or functional separation be part of the appropriate set of policies and procedures that would be reasonably designed to achieve compliance with applicable securities laws and regulations, and with applicable Exchange rules. The Exchange therefore believes that the proposed rule change will maintain the existing protection of investors and the public interest that is currently applicable to Market Makers, while at the same time removing impediments to and perfecting a free and open market by moving to a principles-based approach to protect against the misuse of material non-public information.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to a filing submitted by NYSE MKT that was recently approved by the Commission.¹⁷ The Exchange believes this proposed rule change is necessary to permit fair competition among the options exchanges.

The Exchange believes that the proposal will enhance competition by allowing Market Makers to comply with applicable Exchange rules in a manner best suited to their business models, business activities, and the securities markets, thus reducing regulatory burdens while still ensuring compliance with applicable securities laws and regulations and Exchange rules. The Exchange believes that the proposal will foster a fair and orderly marketplace without being overly burdensome upon Market Makers.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (A) Significantly affect

the protection of investors or the public interest; (B) impose any significant burden on competition; and (C) by its terms, become operative for 30 days from the date on which it was filed or such shorter time as the Commission may designate it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁸ and paragraph (f)(6) of Rule 19b-4 thereunder,¹⁹ the Exchange has designated this rule filing as non-controversial. The Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (1) Necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SUPPLEMENTARY INFORMATION:

Chile: Pursuant to section 201 of the United States-Chile Free Trade Agreement Implementation Act (Pub. L.

108-77; 19 U.S.C. 3805 note), Presidential Proclamation No. 7746 of December 30, 2003 (68 FR 75789) implemented the Chile FTA on behalf of the United States and modified the HTS to reflect the tariff treatment provided for in the Chile FTA.

Note 12(a) to subchapter XI of HTS chapter 99 provides that USTR is required to publish annually in the **Federal Register** a determination of the amount of Chile's trade surplus, by volume, with all sources for goods in Harmonized System (HS) subheadings 1701.11, 1701.12, 1701.91, 1701.99, 1702.20, 1702.30, 1702.40, 1702.60, 1702.90, 1806.10, 2101.12, 2101.20, and 2106.90, except that Chile's imports of goods classified under HS subheadings 1702.40 and 1702.60 that qualify for preferential tariff treatment under the Chile FTA are not included in the calculation of Chile's trade surplus. (HS subheading 1701.11 was reclassified as 1701.13 and 1701.14 by Proclamation 8771 of December 29, 2011, 77 FR 413.)

Note 12(b) to subchapter XI of HTS chapter 99 provides duty-free treatment for certain sugar and syrup goods and sugar-containing products of Chile entered under subheading 9911.17.05 in any calendar year (beginning in calendar year 2015) shall be the quantity of goods equal to the amount of Chile's trade surplus in subdivision (a) of the note.

During calendar year (CY) 2014, the most recent year for which data is available, *Chile's* imports of the sugar and syrup goods and sugar-containing products described above exceeded its exports of those goods by 554,753 metric tons according to data published by the *Servicio Nacional de Aduana (Chile Customs)*. Based on this data, USTR determines that Chile's trade surplus is negative. Therefore, in accordance with U.S. Note 12(b) and U.S. Note 12(c) to subchapter XI of HTS chapter 99, goods of Chile are not eligible to enter the United States duty-free under subheading 9911.17.05 or at preferential tariff rates under subheading 9911.17.10 through 9911.17.85 in CY 2016.

Morocco: Pursuant to section 201 of the United States-Morocco Free Trade Agreement Implementation Act (Pub. L. 108-302; 19 U.S.C. 3805 note), Presidential Proclamation No. 7971 of December 22, 2005 (70 FR 76651) implemented the Morocco FTA on behalf of the United States and modified the HTS to reflect the tariff treatment provided for in the Morocco FTA.

Note 12(a) to subchapter XII of HTS chapter 99 provides that USTR is required to publish annually in the **Federal Register** a determination of the
