SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of December 18, 2014, FDA published a proposed rule to amend its labeling regulations for human prescription drugs and biological products to require that the prescribing information intended for health care professionals that is on or within the package from which the product is dispensed be distributed electronically and not in paper form, except as provided by the proposed rule. The proposed rule is intended to facilitate the distribution of updated prescribing information as new information becomes available and as changes in prescribing information are made. FDA is proposing the change to help ensure that the most current

prescribing information will be available and readily accessible to health care professionals at the time of clinical decision making and dispensing. FDA provided a 90-day comment period (*i.e.*, until March 18, 2015) for the proposed rule.

The Agency has received a request for a 60-day extension of the comment period for the proposed rule. The request conveyed concern that the current 90-day comment period does not allow sufficient time for entities and individuals who will be most affected by a final rule to examine and to comment upon the proposed rule. The request suggested that FDA would benefit by granting stakeholders sufficient time to develop their comments and to address as many relevant issues as possible.

FDA has considered the request and is extending the comment period for the proposed rule for 60 days, until May 18, 2015. The Agency believes that a 60-day extension allows adequate time for interested persons to submit comments without significantly delaying rulemaking on this important issue.

II. Request for Comments

Interested persons may submit either electronic comments regarding the proposed rule to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.

Dated: March 3, 2015.

Leslie Kux,

Associate Commissioner for Policy.
