

DEPARTMENT OF AGRICULTURE**Forest Service****Notice of New Fee Site; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108–447)**

AGENCY: Monongahela National Forest, Forest Service, USDA.

ACTION: Notice of new fee site.

SUMMARY: The Monongahela National Forest is proposing to charge \$5.00 for the use of a recently installed RV wastewater dump station at Cranberry Campground on the Gauley Ranger District. The Forest recently finished a major renovation at Cranberry Campground which included all new accessible picnic tables and fire rings at each campsite, removing the toilet facilities and replacing them with accessible precast toilet buildings, a new fee station, drainage improvements, gate installation, planting vegetation to improve screening between campsites, road resurfacing, and expansion of the day-use parking area. One new facility was added during the renovation, a RV wastewater dump station. This is now the only wastewater dump station facility within an hour drive of the campground. This dump station will serve campers in Cranberry Campground, as well as numerous campers from other Forest campsites nearby. Fees for use of the wastewater dump station will be used to offset the costs of pumping the vault at the RV wastewater dump station and hauling the contents off the site.

DATES: Send any comments about this fee proposal by October 1, 2013 so comments can be compiled, analyzed and shared with the Eastern Region Recreation Resource Advisory Committee.

ADDRESSES: Forest Supervisor, Monongahela National Forest, 200 Sycamore Street, Elkins, WV 26241.

FOR FURTHER INFORMATION CONTACT: Eric Sandeno, Recreation Program Manager, 304–636–1800.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108–447) directed the Secretary of Agriculture to publish a six month advance notice in the *Federal Register* whenever new recreation fee areas are established.

This new fee will be reviewed by the Eastern Region Recreation Resource Advisory Committee prior to a final decision and implementation by the Regional Forester, Eastern Region, USDA Forest Service.

The Monongahela National Forest installed the wastewater dump station

in response to a long standing request from the public for this service. A market comparison indicates that the \$5.00 per use of the wastewater dump station is both reasonable and acceptable for this sort of service.

Dated: July 31, 2013.

Clyde N. Thompson,
Monongahela National Forest Supervisor.

International Trade Administration

[A-570-924]

Polyethylene Terephthalate Film, Sheet, and Strip From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Results of Administrative Review and Notice of Amended Final Results of Administrative Review Pursuant to Court Decision

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 6, 2013, the United States Court of International Trade ("CIT") sustained the Department of Commerce's (the "Department") results of redetermination, pursuant to

the CIT's remand order, in *Tianjin Wanhua Co., Ltd. v. United States*, Slip Op. 13-100 (CIT 2013).¹

Consistent with the decision of the United States Court of Appeals for the Federal Circuit ("CAFC") in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) ("*Timken*"), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) ("*Diamond Sawblades*"), the Department is notifying the public that the final judgment in this case is not in harmony with the Department's *PET Film Final Results*² and is amending the final results with respect to Tianjin Wanhua Co., Ltd. ("Wanhua").

DATES: Effective August 16, 2013.

FOR FURTHER INFORMATION CONTACT:

Jonathan Hill, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3518.

SUPPLEMENTARY INFORMATION:

Background

On April 29, 2013, the CIT granted the Department's motion for voluntary remand in *Tianjin Wanhua Co., Ltd. v. United States* to reconsider the separate rate methodology as applied to Wanhua with respect to the *PET Film Final Results* and the results of the CIT's judgment in *Fuwei Films (Shandong) Co., Ltd. v. United States* in which the weighted-average dumping margins for the mandatory respondents were revised.³ Pursuant to the CIT's remand order, the Department re-examined record evidence and made changes to the separate rate applicable to Wanhua. Specifically, the Department followed its practice in calculating a separate rate where the individually investigated respondents received rates that were zero, *de minimis*, or based entirely on facts available,⁴ and applied the most recently determined weighted-average dumping margin that was not zero, *de minimis*, or based entirely on facts

available. In this case, the Department pulled forward Wanhua's separate rate from the investigation.⁵

Timken Notice

In its decision in *Timken*, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Act, the Department must publish a notice of a court decision that is not "in harmony" with a Department determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's August 6, 2013, judgment sustaining the *PET Film Final Remand* constitutes a final decision of that court that is not in harmony with the *PET Film Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal or, if appealed, pending a final and conclusive court decision. The cash deposit rate will remain the company-specific rate established for the subsequent and most recently completed segment of this proceeding in which the respondent was included.

Amended Final Determination

Because there is now a final court decision with respect to the *PET Film Final Results*, the revised weighted-average dumping margin is as follows:

Exporter	Weighted-average dumping margin (percent)
Tianjin Wanhua Co., Ltd.	3.49

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: August 16, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.
