

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of thermal paper from Japan, as described in Appendix I of this notice, that were entered, or withdrawn from warehouse, for consumption on or after May 12, 2021, the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), we will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of this final affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of thermal paper from Japan no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, all cash deposits posted will be refunded, and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse,

for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Notification Regarding Administrative Protective Order

This notice will serve as a final reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: September 24, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of this investigation covers thermal paper in the form of "jumbo rolls" and certain "converted rolls." The scope covers jumbo rolls and converted rolls of thermal paper with or without a base coat (typically made of clay, latex, and/or plastic pigments, and/or like materials) on one or both sides; with thermal active coating(s) (typically made of sensitizer, dye, and co-reactant, and/or like materials) on one or both sides; with or without a top coat (typically made of pigments, polyvinyl alcohol, and/or like materials), and without an adhesive backing. Jumbo rolls are defined as rolls with an actual width of 4.5 inches or more, an actual weight of 65 pounds or more, and an actual diameter of 20 inches or more (jumbo rolls). All jumbo rolls are included in the scope regardless of the basis weight of the paper. Also included in the scope are "converted rolls" with an actual width of less than 4.5 inches, and with an actual basis weight of 70 grams per square meter (gsm) or less.

The scope of this investigation covers thermal paper that is converted into rolls with an actual width of less than 4.5 inches and with an actual basis weight of 70 gsm or less in third countries from jumbo rolls produced in the subject countries.

The merchandise subject to this investigation may be classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 4811.90.8030 and 4811.90.9030. Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Digital Transformation Business Development Mission to the Gulf Cooperation Council Region

The United States Department of Commerce, International Trade Administration, is amending the Notice published at 86 FR 21697 (April 23, 2021), regarding the dates of ITA's planned GCC Digital Transformation Trade Mission to Saudi Arabia, Kuwait, and Qatar, which have been modified from October 24-28, 2021 to January 23-27, 2022. The Department has been closely monitoring COVID-19 developments and has determined that postponing the mission is the best decision for the health, safety, and welfare of the participants. In an effort to provide U.S. companies with revised mission dates that work for the majority of the stops, the optional UAE stop that

was originally offered was dropped from the revised mission schedule due to limited resources and prior commitments made in the UAE that conflict with the revised dates. The new deadline for applications has been extended to Thursday, September 30, 2021. Applications may be accepted after that date if space remains and scheduling constraints permit. Interested U.S. companies and trade associations/organizations that have not already submitted an application are encouraged to do so. The schedule is updated as follows:

SUPPLEMENTARY INFORMATION:

Background

On May 12, 2021, Commerce
published in the **Federal Register** its
preliminary affirmative determination
in the LTFV investigation of thermal
paper from Spain, in which it
postponed the final determination until

September 24, 2021.¹ Although
Commerce invited interested parties to
comment on the *Preliminary
Determination*, no party did so.

Scope of the Investigation

The product covered by this
investigation is thermal paper from
Spain. For a complete description of the
scope of this investigation, *see* the
appendix to this notice.

Scope Comments

In accordance with the preamble to
Commerce's regulations,² the *Initiation
Notice*³ set aside a period of time for
parties to raise issues regarding product
coverage (*i.e.*, scope).⁴ On May 5, 2021,
Commerce issued the Preliminary Scope
Decision Memorandum.⁵ We received
scope comments from interested parties,
