## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60188; File No. SR-Phlx-2009-48]

### Self-Regulatory Organizations; NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Cancellation Fee

June 29, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup>, and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June 19, 2009, NASDAQ OMX PHLX, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to aggregate options orders within a specified time period for the purpose of assessing the Cancellation Fee. In addition, the Exchange proposes several technical amendments to delete obsolete language and further clarify the Fee Schedule.

While changes to the Exchange's fee schedule pursuant to this proposal are effective upon filing, the Exchange has designated this proposal to be effective on July 1, 2009.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nasdaqtrader.com/micro.aspx?id=PHLXRulefilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The purpose of the proposed rule change is to amend the manner in which the Cancellation Fee is assessed on members. In order to calculate the Cancellation Fee, the Exchange proposes to aggregate and count as one executed customer<sup>3</sup> option order all customer orders from the same member organization that are executed in the same series on the same side of the market at the same price within a 300 second period. The Exchange believes the level of cancelled orders remains high. Some customers are seeking to avoid the fee by executing large quantities of small orders in out-of-the-money options to offset their cancellation activity in more actively traded options. The Exchange believes this modification to the calculation of the Cancellation Fee is necessary for the Exchange to recover costs associated with system congestion.

Currently, the Exchange assesses a Cancellation Fee of \$ 2.10 per order on member organizations for each cancelled electronically<sup>4</sup> delivered

<sup>3</sup> See e.g., Exchange Rule 1080(b)(i)(A) which defines customer order as [sic] " \* \* \* is any order entered on behalf of a public customer, and does not include any order entered for the account of a broker-dealer, or any account in which a broker-dealer or an associated person of a broker-dealer has any direct or indirect interest."

<sup>4</sup> The Exchange previously referred to the electronic order delivery, routing, execution and reporting system as AUTOM. This system provided for the automatic entry and routing of equity option and index option orders to the Exchange trading floor. See Exchange Rule 1080. The Exchange filed a rule change which replaced the terms AUTOM and AUTO-X with the Phlx XL System, such that references to both terms refer to Phlx XL. See Securities Exchange Act Release No. 59995 (May 28, 2009), 74 FR 26750 (June 3, 2009) (SR-Phlx-2009-32). Therefore, in light of the rule change references to AUTOM have been replaced with the
