

information before being required to pay for the DCC or DSA.³

- The requirement to obtain a customer's written acknowledgment of receipt of disclosures set forth at 12 CFR 37.7(a).

The OCC expects that national banks that do not provide long forms disclosures will conspicuously inform customers that they will receive a copy of the contract before they are required to pay for the product.

Request for Comment

As we have indicated, the purpose of this delay in the time for compliance is to permit the OCC to consider how best to address compliance issues that arise under the circumstances described in this notice. To aid our review of these issues, we invite comment on the following specific questions, as well as on any other aspect of this notice that commenters wish to address:

1. Please comment on any compliance issues or problems posed by providing the periodic payment option and the associated short and long form disclosures for DCCs or DSAs sold by unaffiliated, non-exclusive agents in connection with closed-end loans.
2. Please explain the types of loan products, *e.g.*, car loans, where this issue arises.
3. What alternative approaches are available to provide appropriate consumer protections?
4. In the case of closed-end loans, should the requirement in the long form disclosures to disclose the total fee for a DCC paid on a monthly or periodic basis be modified? Is there an alternative, effective way to disclose that information that could be added to the rule?

SMALL BUSINESS ADMINISTRATION

13 CFR Part 121

Small Business Size Standards; Waiver of the Nonmanufacturer Rule

AGENCY: Small Business Administration.

ACTION: Final decision to waive the Nonmanufacturer Rule.

SUMMARY: This document advises the public that the U.S. Small Business Administration (SBA) is establishing a waiver of the Nonmanufacturer Rule for Overhead Fiber Optic Groundwire and Ancillary Hardware Components. The basis for waivers is that no small business manufacturers are supplying these classes of products to the Federal government. The effect of a waiver would be to allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses or awarded through the SBA 8(a) Program.

EFFECTIVE DATE: June 16, 2003.

Address Comments to: Edith Butler, Program Analyst, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416, Tel: (202) 619-0422.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, (202) 619-0422, FAX (202) 205-7280.

SUPPLEMENTARY INFORMATION: Public Law 100-656, enacted on November 15, 1988, incorporated into the Small Business Act the previously existing regulation that recipients of Federal contracts set aside for small businesses or SBA's 8(a) Program must provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406 (b). Section 303(h) of the law provides for waiver of this requirement by SBA for any "class of products" for which there are no small business manufacturers or processors in the Federal market.

To be considered available to participate in the Federal market on these classes of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on a six digit North American Industry Classification System (NAICS) and the four digit Product and Service Code established by the Federal Procurement Data System.

³ The sixth disclosure set forth in Appendix A to part 37, provides banks the option of directing customers either to the long form disclosures or the contract for a full explanation of the terms. Clearly, since the long form is not required for the time being, the bank will refer customers to the contract.
