

3. Reporting

Scholarship Program Minimum Academic Requirements

It is the policy of the IHS that a scholarship awardee funded under the Health Professions Scholarship Program of the Indian Health Care Improvement Act must maintain a 2.0 cumulative GPA, remain in good academic standing each semester/trimester/quarter, maintain full-time student status (Institutional definition of 'minimum hours' constituting full-time enrollment applies) or part-time student status (Institutional definition of 'minimum and maximum' hours constituting part-time enrollment applies) for the entire academic year, as indicated on the scholarship application submitted for that academic year. The Health Professions awardee may not change his or her enrollment status between terms of enrollment, during the same academic year. New recipients may not request a Leave of Absence during the first year of their funding. In addition to these requirements, a Health Professions Scholarship awardee must be enrolled in an approved/accredited school for a Health Professions degree.

An awardee of a scholarship under the IHS Health Professions Preparatory and Health Professions Pre-Graduate Scholarship authority must maintain a minimum 2.0 cumulative GPA, remain in good standing each semester/trimester/quarter and be a full-time student (Institutional definition of 'minimum hours' constituting full-time enrollment applies, typically 12 credit hours per semester) or a part-time student (Institutional definition of 'minimum and maximum' hours constituting part-time enrollment applies, typically 6–11 credit hours). The Preparatory and Pre-graduate awardee may not change from part-time status to full-time status or vice versa in the same academic year. New recipients may not request a Leave of Absence during the first year of their funding.

The following reports must be sent to the IHSSP at the identified time frame. Each scholarship awardee will have access to an online Recipient Handbook and required program forms and instructions on when, how, and to whom these must be submitted, by logging into the IHSSP Web site at www.ihs.gov/scholarship. If a scholarship awardee fails to submit these forms and reports as required, they will be ineligible for continuation of scholarship support and scholarship award payments will be discontinued.

A. Recipient's Enrollment and Initial Progress Report

Within thirty (30) days from the beginning of each semester/trimester/quarter, scholarship awardees must submit a Recipient's Enrollment and Initial Progress Report (Form IHS-856-8, page 69 of the Student Handbook).

B. Transcripts

Within thirty (30) days from the end of each academic period, i.e., semester/trimester/quarter, or summer session, scholarship awardees must submit an Official Transcript showing the results of the classes taken during that period.

C. Notification of Academic Problem/Change

If at any time during the semester/trimester/quarter, scholarship awardees are advised to reduce the number of credit hours for which they are enrolled below the minimum of the 12 (or the number of hours considered by their school as full-time) for a full-time student or at least six hours for part-time students; or if they experience academic problems, they must submit this report (Form IHS-856-9, page 71 of the Student Handbook).

D. Change of Status

• Change of Academic Status

Scholarship awardees must immediately notify their Scholarship Program Analyst if they are placed on academic probation, dismissed from school, or voluntarily withdraw for any reason (personal or medical).

• Change of Health Discipline

Scholarship awardees may not change from the approved IHSSP health discipline during the school year. If an unapproved change is made, scholarship payments will be discontinued.

• Change in Graduation Date

Any time that a change occurs in a scholarship awardee's expected graduation date, they must notify their Scholarship Program Analyst immediately in writing. Justification must be attached from the school advisor.
