GENERAL SERVICES ADMINISTRATION

[Notice-MV-2019-01; Docket No. 2019-0002; Sequence No. 28]

Notice of Announcement of Industry Engagement Event

AGENCY: Office of Governmentwide Policy (OGP), General Services Administration (GSA).

ACTION: Meeting notice.

SUMMARY: GSA is hosting an industry engagement event to highlight how section 889 of Title VII of the NDAA for FY 2019 (hereinafter Sec. 889) will affect GSA's business and supply chain. Toward that end, GSA invites industry partners and associations to join in a broad based dialogue.

DATES: This industry engagement event will be held on Wednesday, November 6, 2019, from 9:00 a.m. to 11:00 a.m., Eastern Standard Time (EST).

ADDRESSES: The meeting will be held in the Department of Interior (DOI) Yates Auditorium at 1849 C St. NW, Washington, DC 20240. There is no virtual attendance for this meeting. Information about the industry event can be found under the heading

SUPPLEMENTARY INFORMATION.

FOR FURTHER INFORMATION CONTACT: Ms. Maria Swaby, GSA Procurement Ombudsman, 202-208-0291 or Mr. Michael Thompson, Senior Policy Advisor, 202-208-1568.

SUPPLEMENTARY INFORMATION:

Background

The National Defense Authorization Act (NDAA) for Fiscal Year 2019, Title VII, Section 889, Prohibition on certain telecommunications and video surveillance services or equipment, identifies sources of "covered telecommunications equipment or services" and, in paragraph (a)(1)(B), states that, as of August 13, 2020, "The head of an executive agency may not enter into a contract (or extend or renew a contract) with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system."

GSA is seeking to build industry awareness of this statutory language and hear different perspectives on the business impact on GSA and its supply chain. This meeting is NOT part of the FAR Rule-Making process. Rather it is specifically focused on GSA contractors and on the GSA mission.

GSA invites industry representatives, including representatives from the

leasing, construction, IT, and professional services community, to share their thoughts. Attendees will also have the opportunity to share their thoughts.

GSA is particularly interested in the following questions:

- If (a)(1)(B) of Section 889 prohibits use by an entity of covered telecommunications equipment or services at any tier, including use that is unrelated to the performance of any GSA contract:
 - How would this impact your business, and therefore GSA's mission?
 - What are some of the challenges involved in identifying covered equipment?
 - How would your industry likely be impacted and how will this affect GSA's competition?
 - Would this impact your plans to do future business with the GSA?
 - What is your anticipated cost for compliance with this prohibition?
 - How long would it take to remove covered equipment from all levels of your supply chain on GSA contracts?
 - Are there specific use cases in the supply chain where it would not be feasible to remove the covered equipment?
 - How does GSA make industry more aware of the prohibition?
