At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3673 or TYY, (202) 502-8659. Agencies may obtain copies of the application directly from the applicant.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Documents*: Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER22-1927-000]

Sunnybrook Farm Solar, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Sunnybrook Farm Solar, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is June 13, 2022.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP17-470-000]

Freeport LNG Development, L.P. & FLNG Liquefaction 4, LLC; Notice of Request for Extension of Time

Take notice that on May 16, 2022, Freeport LNG Development, L.P. (Freeport LNG) and FLNG Liquefaction 4, LLC (FLI4), (together FLNG), requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until August 1, 2028, to site, construct and operate a fourth natural gas liquefaction train and pretreatment unit, as well as interconnecting pipelines and utility lines (Train 4 Project or Project) to support additional liquefaction and export operations at Freeport LNG's existing Quintana Island terminal, and make the Project available for service, as authorized in the May 19, 2019 Order Issuing Certificate (Train 4 Order).¹

On September 10, 2020, the Commission granted FLNG an extension of time until May 17, 2026, to complete construction of the Train 4 Project and make it available for service. Freeport LNG has completed construction of, and placed in-service, liquefaction Trains 1-3 and associated facilities at the Quintana Island terminal and at the pretreatment facility site. However, construction of the Train 4 Project has not yet commenced, due in large part to delays stemming from the COVID-19 pandemic. At the time the original extension of time was granted, it was not expected that the pandemic would persist for as long as it has, or that the resulting effects on global markets, including global LNG markets, the global supply-chain and the financing of large-scale infrastructure, would be so significant. In this regard, the COVID-19 pandemic made it extremely difficult to secure long-term LNG commercial commitments given the far-reaching economic effects of the pandemic, and the uncertainty of future demand.

While FLNG originally projected a 42-month construction schedule for the Train 4 Project, experience gained through the construction of liquefaction Trains 1-3 and the EPC contract bid process for Train 4 suggests that the construction schedule for the Train 4 Project may be closer to 48 to 56 months. Furthermore, potentially longer construction schedules are possible as a
