

e. *Name of Project*: Orderville Hydroelectric Facility.

f. *Location*: The project would be located on the existing Orderville Pressurized Irrigation Line in Kane County, Utah. The Irrigation Line diverts water from the East Fork Virgin River. The project would not occupy federal or tribal lands.

g. *Filed Pursuant to*: Federal Power Act 16 U.S.C. 791(a)–825(r).

h. *Applicant Contact*: Mr. Michael E. Noel, Kane County Water Conservancy District, 981 South Vermillion Drive, Kanab, UT 84741, (801) 644–3996.

i. *FERC Contact*: James Hunter, (202) 502–6086.

j. *Status of Environmental Analysis*: This application is ready for environmental analysis at this time—see the following paragraphs about filing responsive documents.

k. *Deadline for filing comments, protests, and motions to intervene*: October 28, 2002.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link. The Commission strongly encourages electronic filings. Please include the project number (P–12374–000) on any comments or motions filed.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Project*: The project would involve construction of a 75-foot by 75-foot powerhouse containing a 200-kilowatt generating unit at the end of the pressurized pipeline and a tailrace returning flows used for generation to the East Fork Virgin River. The average annual generation would be 897,000 kilowatthours.

m. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For

assistance, call (202) 502–8222 or for TTY, (202) 502–8659. A copy is also available for inspection and reproduction at the address in item h. above.

n. *Development Application*—Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

o. *Notice of Intent*—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

p. *Protests or Motions to Intervene*—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

q. *Filing and Service of Responsive Documents*—The application is ready for environmental analysis at this time, and the Commission is requesting comments, reply comments, recommendations, terms and conditions, and prescriptions.

r. The Commission directs, pursuant to Section 4.34(b) of the Regulations (see Order No. 533 issued May 8, 1991, 56 FR 23108, May 20, 1991) that all comments, recommendations, terms and conditions and prescriptions concerning the application be filed with the Commission within 30 days from the issuance date of this notice. All reply comments must be filed with the Commission within 45 days from the date of this notice.

s. All filings must (1) bear in all capital letters the title "PROTEST",

"MOTION TO INTERVENE", "NOTICE OF INTENT TO FILE COMPETING APPLICATION," "COMPETING APPLICATION," "COMMENTS," "REPLY COMMENTS," "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and the number of copies required by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Office of Energy Projects, Federal Energy Regulatory Commission, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Linwood A. Watson, Jr.

Deputy Secretary.

Agency Information Collection Activities: Submission for OMB Review; Comment Request, NSPS for Municipal Solid Waste Landfills

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been

forwarded to the Office of Management and Budget (OMB) for review and approval: NSPS for Municipal Solid Waste Landfills, 40 CFR part 60, subpart WWW, OMB Control No. 2060-0220, expiration date September 30, 2002. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before November 4, 2002.

ADDRESSES: Send comments, referencing EPA ICR No. 1557.05 and OMB Control No. 2060-0220, to the following addresses: Susan Auby, U.S. Environmental Protection Agency, Collection Strategies Division (Mail Code 2822T), 1200 Pennsylvania Avenue, NW., Washington, DC 20460-0001; and to Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION: For a copy of the ICR, contact Susan Auby at EPA by phone at (202) 566-1672, by email at auby.susan@epamail.epa.gov, or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR Number 1557.05. For technical questions about the ICR contact, Sharie Centilla, (202) 564-0697.

SUPPLEMENTARY INFORMATION:

Title: NSPS for Municipal Solid Waste Landfills, 40 CFR part 60, subpart WWW. (OMB Control No. 2060-0220; EPA ICR Number 1557.05) expiring September 30, 2002. This is a request for extension of a currently approved collection.

Abstract: The Standards of Performance for Municipal Solid Waste Landfills; 40 CFR part 60, subpart WWW, were promulgated on March 12, 1996. These standards apply to municipal solid waste landfills for which construction, modification or reconstruction commences on or after May 30, 1991. The rule requires the installation of properly designed emission control equipment, and the proper operation and maintenance of this equipment. These standards rely on the capture and reduction of methane, carbon dioxide, and nonmethane organic gas compound emissions by combustion devices (boilers, internal combustion engines, or flares).

Owners and operators of the affected facilities described must make initial reports when a source becomes subject, conduct and report on performance tests, report of annual or periodic

emission rates, report on design plans, report on equipment removal and closure, as well as maintain records of the reports, system design and performance tests, monitoring and exceedances, plot map, and well locations.

Any owner or operator subject to the provisions of this part must maintain a file of the applicable reporting and recordkeeping requirements for at least five years following the collection of such measurements, maintenance reports, and records. All reports are sent to the delegated state or local authority.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on January 30, 2002 at 67 FR 4421. No comments were received on the notice.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 11 hours per response. Burden means the total time, effort, or financial resources expended by persons to: generate, maintain, retain, disclose, or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners and/or operators of municipal solid waste landfills.

Estimated Number of Respondents: 175.

Frequency of Response: On occasion, Quarterly, and Annually.

Estimated Total Annual Hour Burden: 3390 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$107,000.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection

techniques to the previous addresses. Please refer to EPA ICR No.1557.05 and OMB Control No. 2060-0220 in any correspondence.

Dated: September 25, 2002.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7389-9; CWA-HQ-2001-6013; CAA-HQ-2001-6013; RCRA-HQ-2001-6013]

Clean Water Act Class II: Proposed Administrative Settlement, Penalty Assessment and Opportunity To Comment Regarding IPSCO Steel, Inc.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has entered into a consent agreement with IPSCO Steel, Inc. ("IPSCO" or "Respondent") to resolve violations of the Clean Water Act ("CWA"), Clean Air Act ("CAA"), and Resource Conservation and Recovery Act ("RCRA") and their implementing regulations.

The Administrator is hereby providing public notice of this consent agreement and proposed final order, and providing an opportunity for interested persons to comment on the CWA portions of this consent agreement, in accordance with CWA section 311(b)(6)(C), 33 U.S.C. 1321(b)(6)(C).

Respondent's Spill Prevention Control and Countermeasure ("SPCC") plan was inadequate. Although required controls were in place, the plan did not include all of the guidelines codified at 40 CFR 112.7. EPA, as authorized by CWA section 311(b)(6), 33 U.S.C. 1321(b)(6), has assessed a civil penalty for these violations.

Respondent failed to meet the CAA New Source Performance Standard ("NSPS") requirements for Electric Arc Furnaces ("EAFs") pursuant to 40 CFR part 60, subpart AAa in violation of CAA section 111, 42 U.S.C. 4411. Additionally, Respondent failed to meet certain conditions listed in two of its Prevention of Significant Deterioration ("PSD") Permits in violation of CAA section 110, 42 U.S.C. 7410, and Iowa's state implementation plan ("SIP"). EPA, as authorized by CAA section 113(d)(1), 42 U.S.C. 7413(d)(1), has assessed a civil penalty for these violations.

Respondent failed to properly label and date hazardous waste containers in accordance with 40 CFR 262.34(a)(2)
