

control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before June 2, 2009. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, (202) 395-5887, or via fax at 202-395-5167 or via Internet at

Nicholas A. Fraser@omb.eop.gov and to *Judith-B.Herman@fcc.gov*, Federal Communications Commission, or an e-mail to *PRA@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information, contact Judith B. Herman at 202-418-0214 or via the Internet at *Judith-B.Herman@fcc.gov*.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0931.

Title: Maritime Mobile Service Identity (MMSI).

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households; business or other for-profit; and Federal Government.

Number of Respondents: 40,000 respondents; 40,000 responses.

Estimated Time per Response: .25 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. There is no statutory authority for this information collection. However, the Memorandum of Understanding (MOU) states that it is in accordance with Appendix 43 of the Radio Regulations.

Total Annual Burden: 10,000 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: Yes. The FCC has a System of Records Notice (SORN), FCC/WTB-1, "Wireless Services Licensing Records", to cover the personally identifiable information

affected by these information collection requirements. At this time, the Commission (FCC) is not required to complete a Privacy Impact Assessment.

Nature and Extent of Confidentiality: There is a need for confidentiality with respect to all owners of Marine VHF radios with Digital Selective Calling (DSC) capability in this collection. Pursuant to section 208(b) of the E-Government Act of 2002, 44 U.S.C. section 3501, in conformance with the Privacy Act of 1974, 5 U.S.C. 552(a), the Wireless Telecommunications Bureau instructs licensees to use the FCC's Universal Licensing System (ULS), Antenna Structure Registration (ASR), Commission Registration System (CORES) and related systems and subsystems to submit information. CORES is used to receive an FCC Registration Number (FRN) and password, after which one must register all current call signs and ASR numbers associated with a FRN within the Bureau's system of records (ULS database). Although ULS stores all information pertaining to the individual license via the FRN, confidential information is accessible only by persons or entities that hold the password for each account, and the Bureau's Licensing Division staff. Upon the request of a FRN, the individual licensee is consenting to make publicly available, via the ULS database, all information that is not confidential in nature. Information on the marine VHF radios with DSC capability is maintained in the Commission's system of records, FCC/WTB-1, "Wireless Services Licensing Records." The licensee records will be publicly available and routinely used in accordance with subsection (b) of the Privacy Act. FRN numbers and material which is afforded confidential treatment pursuant to a request made under 47 CFR 0.459 of the Commission's rules will not be available for public inspection. Any personally identifiable information (PII) that individual applicants provide is covered by a system of records (FCC/WTB-1, "Wireless Services Licensing Records") and these and all other records may be disclosed pursuant to the routine uses as stated in the system of records notice.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) after this 60 day comment period in order to obtain the full three year clearance from them. The Commission is requesting an extension (no change in the reporting and/or third party disclosure requirements) of this information collection. The Commission is reporting a significant increase in the

estimated number of respondents/responses since this was last submitted to OMB in 2006. In 2006, the Commission reported 2,000 respondents/responses with 1,000 total annual burden hours. For this submission to the OMB, the number of respondents increased by 38,000 with an estimated annual burden of 10,000 burden hours.

The information collection is necessary to require owners of marine VHF radios with Digital Selective Calling (DSC) capability to register information such as the name, address, type of vessel with a private entity issuing marine mobile service identities (MMSI). The information would be used by search and rescue personnel to identify vessels in distress and to select the proper rescue units and search methods. The requirement to collect this information is not contained in a Commission rule or formal FCC order, but in the agreements the FCC executes with private sector entities that issue MMSI's.

The information is used by private entities to maintain a database used to provide information about the vessel owner in distress using marine VHF radios with DSC capability. If the collection were not conducted, the U.S. Coast Guard would not have access to this information which would increase the time and effort needed to complete a search and rescue operation.

Marlene H. Dortch,

Secretary, Federal Communications Commission.

FEDERAL COMMUNICATIONS COMMISSION

[Report No. 2884]

Petition for Reconsideration of Action in Rulemaking Proceeding

March 26, 2009.

A Petition for Reconsideration has been filed in the Commission's Rulemaking proceeding listed in this Public Notice and published pursuant to 47 CFR 1.429(e). The full text of this document is available for viewing and copying in Room CY-B402, 445 12th Street, SW., Washington, DC or may be purchased from the Commission's copy contractor, Best Copy and Printing, Inc. (BCPI) (1-800-378-3160). Oppositions to this petition must be filed by April 20, 2009. See Section 1.4(b)(1) of the Commission's rules (47 CFR 1.4(b)(1)). Replies to an opposition must be filed

within 10 days after the time for filing oppositions have expired.

Subject: In the Matter of Amendment of the Commission's Rules Regarding Maritime Automatic Identification Systems (WT Docket No. 04-344).

Number of Petitions Filed: 1.

William F. Caton,

Deputy Secretary.

GENERAL SERVICES ADMINISTRATION

Record of Decision for the Department of Homeland Security Headquarters Consolidation at St. Elizabeths in Southeast, Washington, DC

AGENCY: National Capital Region, U.S. General Services Administration (GSA).

ACTION: Notice; record of decision.

SUMMARY: Pursuant to the requirements of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321-4347, the Council on Environmental Quality Regulations (40 CFR parts 1500-1508), GSA Order PBS P 1095.1F (Environmental considerations in decision-making, dated October 19, 1999), and the GSA Public Buildings Service NEPA Desk Guide, dated October 1999, on December 16, 2008, GSA issued a Record of Decision on the *DHS Headquarters Consolidation at St. Elizabeths Final Environmental Impact Statement (EIS)* (GSA, November 2008) to implement Campus Redevelopment Alternative 5 as defined in the Final EIS. The complete Record of Decision (ROD) can be viewed on the project Web site: <http://www.stelizabethswestcampus.com>.

FOR FURTHER INFORMATION CONTACT: Ms. Denise Decker, NEPA Lead, National Capital Region, General Services Administration, at (202) 538-5643.

SUPPLEMENTARY INFORMATION:

Decision:

It is the decision of the Acting Regional Administrator of GSA, National Capital Region to:

(1) Implement Campus Redevelopment Alternative 5, which requires part of the 4.5 million GSF of secure office space, plus parking, needed for the DHS consolidated headquarters to be located on the St. Elizabeths East Campus. Alternative 5 includes the construction of 3.8 million GSF of office and shared use space in both new and adaptively re-used buildings, together with 3,459 parking spaces for the consolidation of DHS Headquarters at the St. Elizabeths West

Campus in Southeast, Washington, DC. Alternative 5 also includes an additional 750,000 GSF of office and shared use space together with 775 parking spaces that will be located on the St. Elizabeths East Campus. The selection of Alternative 5 contemplates the use of the East Campus parcel for the project. However, the ROD does not authorize any ground disturbing activities on the East Campus. Implementation of ground disturbing activities on the East Campus will be considered in a separate EIS and, unless the no-build alternative is selected, implemented in a separate ROD. In accordance with the conditions set forth in the December 16, 2008 ROD, certain West Campus ground disturbing activities are authorized prior to completion of the contemplated East Campus ROD.

(2) Implement Martin Luther King, Jr. Avenue Traffic Improvement Alternative 2, as defined in Volume 2 of the FEIS. Alternative 2 accommodates left turning lanes into Gates 1 and 2 of the West Campus. Selection of this alternative is based on coordination with, and is subject to, subsequent final determinations of the District of Columbia Department of Transportation (DDOT). Alternative 2 may be implemented immediately after approval by DDOT.

(3) Implement, in cooperation with the Federal Highway Administration (FHWA), Interchange Alternative I-2, as described in Volume II of the Final EIS. Alternative I-2 provides for the construction of a new access road for St. Elizabeths West Campus, from Firth Sterling Avenue to Malcolm X Avenue and connecting to the Malcolm X interchange as outlined in Volume 2 of the Final EIS. Selection of this alternative is based on coordination with FHWA and is subject to its subsequent final determinations.

The ROD documents the specific components of GSA's decision and the rationale for the decision. This decision is based on information and analyses contained in the Draft EIS issued in September 2007; the Final EIS issued in November 2008; the comments of Federal and State agencies, stakeholder organizations, members of the public, and elected officials; and other information in the administrative record.

Issued December 16, 2008 by John F. Phelps, Acting Regional Administrator,

General Services Administration, National Capital Region.

Thomas James,

Deputy Assistant Regional Administrator, Public Buildings Service, National Capital Region.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10175]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's function; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* Reinstatement without change of a previously approved collection; *Title of Information Collection:* Certification Statement for Electronic File Interchange Organizations (EFIOs) *Use:* Health care providers can currently obtain a National Provider Identifier (NPI) via a paper application or over the Internet through the National Plan and Provider Enumeration System (NPPES). These applications must be submitted individually, on a per-provider basis. The Electronic File Interchange (EFI) process allows provider-designated electronic file interchange organizations (EFIOs) to capture multiple providers' NPI application information on a single electronic file for submission to NPPES. This process is also referred to as "bulk enumeration." To ensure that the EFIO
