SUPPLEMENTARY INFORMATION:

I. Abstract

Pursuant to 35 U.S.C. 209, applicants for a license under a patent or patent application must submit information in support of their request for a license. NASA uses the submitted information to grant the license.

II. Method of Collection

The current paper-based system is used to collect the information. It is deemed not cost effect to collect the information using a Web site form since the applications submitted vary significantly in format and volume.

III. Data

Title: Application for Patent License.
OMB Number: 2700-0039.

Type of review: Extension of currently approved collection.

Affected Public: Business or other for-profit, and individuals or households.

Number of Respondents: 60.

Responses per Respondent: 1.

Annual Responses: 60.

Hours per Request: 10 hours.

Annual Burden Hours: 600.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Gary Cox,

Deputy Chief Information Officer (Acting).
