DEPARTMENT OF JUSTICE

Federal Bureau of Investigation

Agency Information Collection Activities: New Collection, Comments Requested

ACTION: 60 Day emergency notice of information collection under review: new collection; voluntary appeal file brochure.

The Department of Justice (DOJ), Federal Bureau of Investigation (FBI) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with emergency review procedures of the Paperwork Reduction Act of 1995. OMB approval has been requested by March 1, 2002. The proposed information collection is published to obtain comments from the public and affected agencies. If granted, the emergency approval is only valid for 180 days. Comments should be directed to the OMB, Office of Information and Regulatory Affairs, Attn: Department of Justice Desk Officer, (202) 395–6466, Washington, DC, 20530.

During the first 60 days of this same review period, a regulator review of this information collection is also being undertaken. All comments and suggestions, or questions regarding additional information, to include obtaining a copy of the proposed information collection instrument with instructions, should be directed to Natalie Goff-Haggerty, Program Analyst, Federal Bureau of Investigation, CJIS Division, Module A–3, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306, or facsimile at (304) 625–2356.

Request written comments and suggestions from the public and affected agencies concerning the proposed collection of information. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of the information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information:

- (1) Type of Information Collection: New data collection.
- (2) *Title of the Form:* Voluntary Appeal File Brochure.
- (3) Agency Form Number, if any, and the applicable component of the department sponsoring the collection: Form Number: None.

Sponsor: Criminal Justice Information Services Division of, Federal Bureau of Investigation, Department of Justice (4) Affected Public who will be asked or required to respond, as well as a brief abstract: Primary: Any individual requesting entry into the FBI/NICS Voluntary Appeal File (VAF).

Brief Abstract: Under the NICS final rule, 28 CFR 25.9(b)(1), (2), (3), published on (DATE), the NICS must destroy all identifying information on allowed transactions before the start of the next NICS operational day. If a potential purchaser is delayed or denied a firearm, then successfully appeals the decision, the NICS would not be able to retain the record(s) of the appeal or any supporting documentation/information. The purchaser would be continually if the record could not be updated, would be required to appeal the decision and resubmit documentation/information to overtime the appeal on subsequent purchases. The proposed change in the regulation would permit lawful purchasers to request that the NICS maintain documentation/information on the individual in a VAF will be maintained by the NICS for the purpose of preventing the future lengthy delays or denials of a firearm transfer.

The application contained on the VAF brochure will be the means for an individual to request entry into the VAF. This form will be available to the public through Federal Firearm Licensees, state points of contacts for gun checks, and on the NICS website at he internet address: www.fbi.gov/programs/nics/index/htm.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: The number of persons requesting entry into the VAF is estimated to be 24,000 individuals. It takes an average of five minutes to read and complete all areas of the application, an estimated two hours for the process of fingerprinting including travel, and 25 minutes to mail the form for a total of two and a half hours estimated burden to the respondent.

(6) An estimate to the total burden (in hours) associated with the collection: The number of persons requesting entry into the VAF is estimated to be 24,000 individuals. The time it takes each individual to complete the process is 2.5 hours. The total public burden hours is 24,000 respondents times 2.5 hours which would equal 60,000 total burden hours.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-395]

South Carolina Electric & Gas Company; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of South Carolina Electric & Gas Company (the licensee) to withdraw its May 24, 2001, application for proposed amendment to Facility Operating License No. NPF–12 for the Virgil C. Summer Nuclear Station, Unit No. 1, located in Fairfield County, South Carolina.

The proposed amendment would have revised the technical specifications to include the emergency feedwater system automatic isolation valves into the surveillance requirements.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on August 8, 2001 (66 FR 41625). However, by letter dated October 30, 2001, the licensee withdrew

the proposed change.

For further details with respect to this action, see the application for amendment dated May 24, 2001, and the licensee's letter dated October 30, 2001, which withdrew the application for license amendment. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management Systems (ADAMS) Public Electronic Reading Room on the internet at the NRC Web site, http://www.nrc.gov/readingrm.html. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS, should contact the NRC PDR Reference staff by telephone

at 1-800-397-4209, or 301-415-4737 or by e-mail to pdr@nrc.gov.

Dated at Rockville, Maryland, this 20th day of March 2002.

For the Nuclear Regulatory Commission.

NUCLEAR REGULATORY COMMISSION

Advisory Committee on the Medical Uses of Isotopes; Renewal Notice

AGENCY: Nuclear Regulatory Commission.

ACTION: This notice is to announce the renewal of the Advisory Committee on the Medical Uses of Isotopes (ACMUI) for a period of two years.

SUPPLEMENTARY INFORMATION: The U. S. Nuclear Regulatory Commission (NRC) has determined that the renewal of the charter for the Advisory Committee on the Medical Uses of Isotopes for the two year period commencing on March 20, 2002 is in the public interest, in connection with duties imposed on the Commission by law. This action is being taken in accordance with the Federal Advisory Committee Act, after consultation with the Committee Management Secretariat, General Services Administration.

The purpose of the ACMUI is to provide advice to NRC on policy and technical issues that arise in regulating the medical use of byproduct material for diagnosis and therapy. Responsibilities include providing guidance and comments on current and proposed NRC regulations and regulatory guidance concerning medical use; evaluating certain non-routine uses of byproduct material for medical use; and evaluating training and experience of proposed authorized users. The members are involved in preliminary discussions of major issues in determining the need for changes in NRC policy and regulation to ensure the continued safe use of byproduct material. Each member provides technical assistance in his/her specific area(s) of expertise, particularly with respect to emerging technologies. Members also provide guidance as to NRC's role in relation to the responsibilities of other Federal agencies as well as of various professional organizations and boards.
