

state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. We will not, however, consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

To obtain a copy of the FEIS, please write or call William Allan, Environmental Protection Specialist, Pacific Region, Bureau of Indian Affairs, 2800 Cottage Way, Sacramento, CA 95825-1846, telephone (916) 978-6043.

FOR FURTHER INFORMATION CONTACT: William Allan, (916) 978-6043.

SUPPLEMENTARY INFORMATION: The proposed action is the approval of a 25 year lease, renewable for an additional 25 years, of 443 acres of the 640 acre Cortina Rancheria to Cortina Integrated Waste Management, Inc. (a California corporation that is a wholly owned subsidiary of Earthworks Industries, Inc., of Vancouver, Canada), for the development and operation of a landfill, materials recovery facility, composting facility, and petroleum-contaminated soil bio-remediation unit. Waste would be transported to these facilities for recovery of recyclable and disposal of non-recyclable materials, and recycled materials transported from the facilities to market destinations. The lease would obligate the lessee to post-closure maintenance responsibilities for a period of at least 30 years after final closure.

Alternatives to the proposed project that are considered in the FEIS include the no action alternative (no lease approval) and two reduced project alternatives. One of these two alternatives would reduce the size of the landfill by eliminating a proposed 21 acre second phase. The other would eliminate the composting and bio-remediation portions of the proposed action.

This notice is published in accordance with Sec. 1503.1 of the Council on Environmental Quality Regulations (40 CFR parts 1500 through 1508) implementing the procedural requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), and the Department of the Interior Manual (516 DM 1-6), and is in the exercise of the authority delegated to the Assistant Secretary—Indian Affairs by 209 DM 8.

Dated: August 25, 2000.

Kevin Gover,

Assistant Secretary—Indian Affairs.

Closure and Restriction Order

AGENCY: Department of the Interior, Bureau of Land Management, Folsom Field Office, California.

SUMMARY: The Bureau of Land Management (BLM) is restricting the discharge of firearms and other weapons on approximately ten (10) acres of public land. This restriction will apply on public lands within Township 11 north, Range 10 east, section 18, the northeast quarter of the northwest quarter, Mount Diablo meridian, El Dorado County. The BLM is currently preparing a management plan for public lands adjacent to the South Fork of the American River and will encompass this particular property. However; the nature of the problems on this parcel demands interim action. This restriction will be in force upon publication in the **Federal Register** and will end on December 31, 2001. A long term solution will be decided within the plan. This area has been used as a recreational shooting area for many years. The BLM has received numerous complaints from citizens concerning the safety of recreational shooting adjacent to their homes. The frequency of complaints has risen with the construction of homes surrounding the public land. There are now many private homes in the immediate area. There is a commercial campground across the road from the BLM parcel. The BLM agrees with many of the local residents that the discharge of weapons on this public land does create a significant hazard to the public.

Prohibitions: No person shall discharge any firearm or any projectile weapon.

DATES: This prohibition shall take effect September 1, 2000 and expire on December 31, 2001.

FOR FURTHER INFORMATION CONTACT: Deane Swickard, Field Manager, 63 Natoma Street, Folsom, CA 95630, 916-985-4474.

SUPPLEMENTARY INFORMATION: The authority for this closure and restriction is contained in Title 43 of the Code of Federal Regulations, 8364.1. Any person who fails to comply with this closure and restriction order will be subject to

a fine of up to \$100,000 and/or up to 12 months imprisonment. These penalties are specified in 43 U.S.C. 303 and 18 U.S.C. 3623.

D.K. Swickard,

Field Manager.

Notice of Special Fire Restrictions—Closure Order in Carbon County and Bear Trap Wilderness Area; Montana

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management is including Carbon County and the closure of river use on the Madison River through the Bear Trap Wilderness Area in the special fire restriction-closure order dated August 21, 2000. This closure for Carbon County and the Bear Trap Wilderness Area will become effective at 12:01 a.m. Tuesday, August 29, 2000. In addition, include the following exemption to Order No. MT-00-06: Exemption: Oil and Gas lessees in the performance of activities directly related to their lease.

DATES: Restrictions go into effect at 12:01 am on Tuesday, August 29, 2000, and will remain in effect until further notice.

ADDRESSES: Comments should be sent to BLM Montana State Director, Attention: Pat Mullaney, P.O. Box 36800, Billings, Montana 59107-6800.

FOR FURTHER INFORMATION CONTACT: Pat Mullaney, Fire Management Specialist, 406-896-2915.

Dated: August 28, 2000.

Mat Millenbach,

State Director.
