DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2023 Notice of Supplemental Funding Opportunity

AGENCY: Substance Abuse and Mental Health Services Administration,

Department of Health and Human Services (HHS).

ACTION: Notice of intent to award supplemental funding.

SUMMARY: This notice is to inform the public that the Substance Abuse and Mental Health Services Administration (SAMHSA) is supporting an administrative supplement (in scope of the parent award) up to \$157,674,392 (total costs) available until the budget period end date (09/29/2023) to the 988 Suicide and Crisis Lifeline Cooperative Agreement recipient, Mental Health Association of New York City, Inc. (DBA Vibrant Emotional Health). This grant was funded in FY 2021 under the Cooperative Agreement for National Suicide Prevention Lifeline and Disaster Distress Helpline Cooperative Agreement, Notice of Funding Opportunity (NOFO), SM 21-005, with a project end date of September 2026. The supplemental funding will be used to maintain 988 operations and services, both at local levels and across all backup, chat, text, LGBTQ+ youth, Spanish language, and videophone based services. This funding will ensure continuation of all 988 services and supports.

FOR FURTHER INFORMATION CONTACT: James Wright, LPC, Division Director, Crisis Operations, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Rockville, MD 20857, telephone 240-276-1615; email: james.wright@samhsa.hhs.gov.

SUPPLEMENTARY INFORMATION:
Funding Opportunity Title: FY 2021 988 Suicide and Crisis Lifeline Cooperative Agreement SM-21-005.

Assistance Listing Number: 93.243.

Authority: Section 520E-3 [42 U.S.C. 290bb-36c] of the Public Health Service Act, as amended.

Justification: The 988 Suicide and Crisis Lifeline Cooperative Agreement (988 Lifeline) manages, enhances, and strengthens the 988 Lifeline network that routes individuals in the United States to a network of certified crisis centers that links to local emergency, mental health, and social services resources. The 988 Lifeline is a 24/7 confidential suicide and crisis hotline providing phone, chat, and text services for anyone in the United States experiencing a suicidal crisis or in emotional distress. This supplemental funding will ensure continuation of all active services, expand access for high-risk populations, improve access to services, and infrastructure support to ensure stability, safety, privacy, and connection of service. This is not a formal request for application.

Assistance will only be provided to the 988 Suicide and Crisis Lifeline Cooperative Agreement recipient, Mental Health Association of New York City, Inc. (DBA Vibrant Emotional Health). Since 2005, Vibrant Emotional Health has provided oversight and management of the Suicide Prevention Lifeline and its local call centers, backup centers, Spanish network, and chat/text functions with a network of over 200 centers in all fifty states. Vibrant Emotional Health has the infrastructure, experience, and national reach to work with the backup centers, language services, and chat/text organizations to address the increased contact volumes expected in 2023 and beyond. With the transition to 988 accomplished, greater services, such as expanding access to the local and national Lifeline backup centers, language services, system evaluation and data reporting, and access to specialized care for populations to be known at higher risk for suicide, are required to fully realize the potential impact to 988 contact service. Through this supplemental funding, SAMHSA and Vibrant can expand capacity to address increased call, chat and text volume following 988 implementation, further develop connection and support for individuals at higher risk of suicide and strengthen the efficiency and customer experience of the network through unified technology.

Alicia Broadus,
Public Health Advisor.

INTER-AMERICAN FOUNDATION

60-Day Notice for the “IAF Grant Application Concept Note”

AGENCY: Inter-American Foundation.

ACTION: Notice.

SUMMARY: The Inter-American Foundation (IAF), as part of its continuing efforts to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps ensure that requested data is provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents is properly assessed. Currently, the IAF is soliciting comments concerning the information collection of the grant application concept note. The purpose of this form is to reduce the time needed to submit and review a proposal for IAF grant funds. Proponents spend a lot of time completing a proposal for grant funds, and IAF Foundation Representatives spend a lot of time reviewing proposals. Internal staff members are not able to read through all the proposals received each year as a result of the volume of submissions and the length of the materials. Given the high proportion of proposals that do not progress to the “pre-selected” phase of the review process, there is an opportunity to streamline the initial application requirements to only require the key information a Foundation Representative needs to decide whether or not a project is viable for IAF to fund.

DATES: Written comments must be submitted to the office listed in the address section below within 60 days from the date of this publication in the **Federal Register**.

ADDRESSES: Send comments to Natalia Mandrus, Inter-American Foundation, via email to nmandrus@iaf.gov.

SUPPLEMENTARY INFORMATION: The IAF is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the

- proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Can help the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Nicole Stinson,

Associate General Counsel.
