SUPPLEMENTARY INFORMATION:

I. Section 246 of Title II, Chapter 2 of the Trade Act of 1974, as amended by the Trade Act of 2002, establishes ATAA as an alternative assistance program for older workers certified eligible to apply for Trade Adjustment Assistance. This program is effective for petitions filed on or after August 6, 2003. ATAA is designed to allow eligible older workers for whom retraining may not be appropriate to quickly find reemployment and receive

a wage subsidy to help bridge the salary gap between their old and new employment. To receive the ATAA benefits, workers must be TAA and ATAA certified.

Key workload data on ATAA is needed to measure program activities and to allocate program and administrative funds to the State Agencies administering the Trade programs for the Secretary. States will provide this information on the ATAA Activities Report (ATAAAR).

Regulations published at 617.61 give the Secretary authority to require the States to report the data described in this directive; therefore the respondents' obligation to fulfill these requirements is mandatory.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
