

D. Description of Projected Reporting, Recordkeeping, and Other Compliance Requirements for Small Entities

None of the proposed rules in this notice are intended to increase the reporting, recordkeeping and other compliance requirements of any telecommunications carrier. Adoption of an off-axis EIRP approach for the regulation of FSS earth stations would require changes to the application form for earth station licenses, those changes are not intended to be more or less burdensome than the current application requirements. Furthermore, those changes, if adopted, would not affect small business earth station operators any differently than other earth station operators.

E. Steps Taken to Minimize Significant Economic Impact on Small Entities, and Significant Alternatives Considered

The RFA requires an agency to describe any significant alternatives that it has considered in reaching its proposed approach, which may include the following four alternatives: (1) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to small entities; (2) the clarification, consolidation, or simplification of compliance or reporting requirements under the rule for small entities; (3) the use of performance, rather than design, standards; and (4) an exemption from coverage of the rule, or any part thereof, for small entities.

In the *Third Further Notice*, the Commission considers a proposal from the *Further Notice* regarding VSAT networks using contention protocols, and also considers several proposals from commenters. The Commission rejects all those proposals as too restrictive for all earth station operators, including small business operators, and seeks comment on a new proposal which it believes to be less restrictive.

F. Federal Rules That May Duplicate, Overlap, or Conflict With the Proposed Rules

None.

Ordering Clauses

Accordingly, *It is ordered*, pursuant to sections 4(i), 7(a), 11, 303(c), 303(f), 303(g), and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 157(a), 161, 303(c), 303(f), 303(g), 303(r), that this *Third Further Notice of Proposed Rulemaking* is hereby adopted.

It is further ordered that the Commission's Consumer and Governmental Affairs Bureau, Reference

Information Center, *shall send* a copy of this Notice of Proposed Rulemaking, including the Initial Regulatory Flexibility Analysis, to the Chief, Counsel for Advocacy of the Small Business Administration.
