BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Submission of Data by State Educational Agencies

AGENCY: National Center for Education Statistics, Institute of Education Sciences, Department of Education.

ACTION: Notice of dates of submission of State revenue and expenditure reports for fiscal year (FY) 2005 and of revisions to those reports.

SUMMARY: The Secretary announces dates for the submission by State educational agencies (SEAs) of expenditure and revenue data and average daily attendance statistics on ED Form 2447 (the National Public Education Financial Survey (NPEFS)) for FY 2005. The Secretary sets these dates to ensure that data are available to serve as the basis for timely distribution of Federal funds. The U.S. Bureau of the Census (Bureau of the Census) is the data collection agent for the National Center for Education Statistics (NCES). The data will be published by NCES and will be used by the Secretary in the calculation of allocations for FY 2007 appropriated funds.

DATES: The date on which submissions will first be accepted is March 13, 2006. The mandatory deadline for the final submission of all data, including any revisions to previously submitted data, is September 5, 2006.

ADDRESSES: SEAs may mail ED Form 2447 to: Bureau of the Census, ATTENTION: Governments Division, Washington, DC 20233-6800.

SEAs may submit data via the World Wide Web using the interactive survey form at <http://www.surveys.nces.ed.gov/ccdnpefs>. If the Web form is used, it includes a digital confirmation page where a pin number may be entered. A successful entry of the pin number serves as a signature by the authorizing official. A certification form also may be printed from the Web site, and signed by the authorizing official and mailed to the Governments Division of the Bureau of the Census, at the address listed in the previous paragraph. This signed form must be mailed within five business days of Web form data submission.

Alternatively, SEAs may hand deliver submissions by 4 p.m. (Eastern Time) to: Governments Division, Bureau of the Census, 8905 Presidential Parkway, Washington Plaza II, room 508, Upper Marlboro, MD 20772.

If an SEA's submission is received by the Bureau of the Census after September 5, 2006, in order for the submission to be accepted, the SEA must show one of the following as proof that the submission was mailed on or before the mandatory deadline date:

1. A legibly dated U.S. Postal Service postmark.
2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
3. A dated shipping label, invoice, or receipt from a commercial carrier.
4. Any other proof of mailing acceptable to the Secretary.

If the SEA mails ED Form 2447 through the U.S. Postal Service, the Secretary does not accept either of the following as proof of mailing:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an SEA should check with its local post office.

FOR FURTHER INFORMATION CONTACT: Ms. Terri Kennerly, Chief, Bureau of the Census, ATTENTION: Governments Division, Washington, DC 20233-6800. Telephone: (301) 763-1559. If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to: Frank Johnson, National Center for Education Statistics, Institute of Education Sciences, U.S. Department of Education, Washington, DC 20208-5651. Telephone: (202) 502-7362.

SUPPLEMENTARY INFORMATION: Under the authority of section 153(a)(1)(I) of the Education Sciences Reform Act of 2002 (Pub. L. 107-279), 20 U.S.C. 9543, which authorizes NCES to gather data on the financing of education, NCES collects data annually from SEAs through ED Form 2447. The report from SEAs includes attendance, revenue, and expenditure data from which NCES determines the average State per pupil expenditure (SPPE) for elementary and secondary education, as defined in the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 7801(2)).

In addition to utilizing the SPPE data as general information on the financing of elementary and secondary education, the Secretary uses these data directly in calculating allocations for certain formula grant programs, including Title I of the ESEA, Impact Aid, and Indian Education programs. Other programs such as the Educational Technology State Grants program (Title II of the ESEA, Part D), the Education for Homeless Children and Youth Program under Title VII of the McKinney-Vento Homeless Assistance Act, the Teacher Quality State Grants program (Title II of the ESEA, Part A), and the Safe and Drug-Free Schools and Communities program (Title IV of the ESEA, Part A) make use of SPPE data indirectly because their formulas are based, in whole or in part, on State Title I allocations.

In January 2006, the Bureau of the Census, acting as the data collection agent for NCES, will mail to SEAs ED Form 2447 with instructions and request that SEAs submit data to the Bureau of the Census on March 13, 2006, or as soon as possible thereafter. SEAs are urged to submit accurate and complete data on March 13, or as soon as possible thereafter, to facilitate timely processing. Submissions by SEAs to the Bureau of the Census will be checked for accuracy and returned to each SEA for verification. All data, including any revisions, must be submitted to the Bureau of the Census by an SEA not later than September 5, 2006.

Having accurate and consistent information on time is critical to an efficient and fair allocation process and to the NCES statistical process. To ensure timely distribution of Federal education funds based on the best, most accurate data available, NCES establishes, for allocation purposes, September 5, 2006, as the final date by which the NPEFS Web form or ED Form 2447 must be submitted. If an SEA submits revised data after the final deadline that results in a lower SPPE figure, its allocations may be adjusted

downward or the Department may request the SEA to return funds. SEAs should be aware that all of these data are subject to audit and that, if any inaccuracies are discovered in the audit process, the Department may seek recovery of overpayments for the applicable programs. If an SEA submits revised data after September 5, 2006, the data also may be too late to be included in the final NCES published dataset.

SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC-716 "Good Faith Request for Transmission Service and Response by Transmitting Utility Under Sections 211(a) and 213(a) of the Federal Power Act" (OMB No. 1902-0170) is used by the Commission to implement the statutory provisions of sections 211 and 213 of the Federal Power Act (FPA) as amended and added by the Energy Policy Act 1992. The information is not filed with the Commission, however, the request and

response may be analyzed as a part of a section 211 proceeding. This collection of information covers the information that must be contained in the request and in the response.

The Energy Policy Act of 1992 amended section 211 of the FPA and expanded the Commission's authority to order transmission service. Under the revised section 211, the Commission may order transmission services if it finds that such action would be in the public interest, would not unreasonably impair the continued reliability of electric systems affected by the order, and would meet the requirements of amended section 211 of the FPA.

The Commission's policy statement in Public Law 93-3, Policy Statement Regarding Good Faith Requests for Transmission Services and Responses by Transmitting Utilities Under Sections 211(a) and 213(a) of the Federal Power Act, as amended, implemented a data exchange between a transmission requester and a transmitting utility prior to the submission of section 211 request with the Commission. Components of the data exchange are identified in the Code of Federal Regulations (CFR), 18 CFR 2.20. The general policy sets forth standards by which the Commission determines whether and when a valid good faith request for transmission has been made under section 211 of the FPA. In developing the standards, the Commission sought to encourage an open exchange of information with a reasonable degree of specificity and completeness between the party requesting transmission services and the transmitting utility. As a result, twelve components of a good faith estimate are identified under 18 CFR 2.20.

Information in the data exchange is not filed as noted above with the Commission, unless negotiations between the transmission requestor and the transmitting utility have not been successful and the transmission requestor files a section 211 request (FERC-716A, 1902-0168) with the Commission. The request and response may be analyzed by the Commission as part of the section 211 proceeding.

Action: The Commission is requesting a three-year extension of the current expiration date, with no changes to the existing collection of data.

Burden Statement: Public reporting burden for this collection is estimated as:
