#### SUPPLEMENTARY INFORMATION:

##### I. Background

The NAWS is an employment-based, annual survey of the demographic, employment, and health characteristics of hired crop farm workers, including workers brought to farms by labor intermediaries. The survey began in 1988. Each year, between 1,500 and 3,500 workers are randomly chosen for an interview. Interviews are conducted three times per year to account for the seasonality of agricultural employment. Several Federal agencies utilize the NAWS to collect information on the population of hired crop farm workers.

ETA is seeking approval to add new questions to the NAWS on farm workers' participation in education and training programs, access to and use of digital information devices, utilization of acute, preventive, and dental health care, location of living quarters in

relation to production agriculture, and type of housing. Proposed changes also include: (1) Temporarily discontinuing questions on occupational injuries, musculoskeletal problems, and potential exposure to pesticides, all of which were administered for two years and have fulfilled the current information needs of the sponsoring Federal agencies; (2) deleting 17 other questions that either had too few responses to be useful for analysis, will be redundant with the addition of proposed questions, or are no longer valid; and (3) modifying the stem and/or response options of six questions to make them more useful.

##### II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on June 21, 2013 applicable to workers and former workers of Simpson Lumber Company LLC, John's Prairie Operations Division, Shelton, Washington. Workers of the subject firm are engaged in activities related to the production of softwood dimensional lumber.

The intent of the Department's certification is to include all workers at the subject firm who were adversely affected by increased imports of softwood dimensional lumber.

The Department has determined that Sawmill and Mill #5 (located at 100 North Front Street and 3851 West Martine Road, respectively) operated in conjunction with the John's Prairie Operations Division, and that the workers groups are impacted by increased imports of articles like or directly competitive with the softwood dimensional lumber produced at the subject firm.

Based on these findings, the Department is amending this certification to include workers of Simpson Lumber Company LLC, Sawmill and Mill #5, Shelton, Washington.

The amended notice applicable to TA-W-82,797 is hereby issued as follows:

"All workers of Simpson Lumber Company LLC, John's Prairie Operations Division, Shelton, Washington (TA-W-82,797) and Simpson Lumber Company LLC, Sawmill and Mill #5, including on-site leased workers of Express Employment Services, Shelton, Washington (TA-W-82,797A), who became totally or partially separated from employment on or after June 7, 2012 through June 21, 2015, and all workers in the two groups threatened with total or partial separation from employment on June 21, 2013 through June 21, 2015 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."
