Title: Universal Service—Schools and Libraries Universal Service Program Reimbursement Forms

Form No.: FCC Forms 472, 473 and 474.

Respondents: Not-for-profit institutions; business or other for-profit.

Estimated Annual Burden: 61,800 respondents; 1.42 hours per response (avg.); 88,050 total annual burden hours.

Description: The Commission adopted rules providing support for all telecommunications services, Internet access, and internal connections for all eligible schools and libraries pursuant to the Telecommunications Act of 1996. The Universal Service Administrative Company (USAC) administers the telecommunications universal service programs. The following forms are necessary to enable USAC's Schools and Libraries Division (SLD), to pay universal service support to service providers who provide discounted service to eligible schools, libraries, and consortia of those entities. FCC Form 472, Billed Entity Applicant Reimbursement Form—The purpose of FCC Form 472 is to establish the process and procedure for an eligible entity to

seek reimbursement from the service provider for the discounts on services paid in full since the actual service start date of the discounts as reported in the applicant's Form 486 Receipt of Services Confirmation Form, Column (E) of Block 2. Once the fund administrator processes the FCC Form 472, a notification will be sent to the service provider and applicant advising them of the approved amount of discounts. After receiving an invoice from the service provider, together with an FCC Form 474, the fund administrator will deliver the amount of the approved reimbursement to the service provider, and the service provider shall then remit that amount to the applicant. (*No. of respondents:* 50,000; *hours per response:* 15. hours; *total annual burden:* 75,000 hours). FCC Form 473—Service Provider Annual Certification Form—The purpose of FCC Form 473 is to establish the process and procedure for a service provider to confirm the accuracy of their Invoice Forms. This form is part of the procedure established to enable service providers to seek reimbursement for the costs of discounts they provided to eligible entities on eligible services as defined under the FCC's rules governing the schools and libraries universal service support mechanism pursuant to the Telecommunications Act of 1996. (*No. of respondents:* 9300; *hours per response:* 1 hour; *total annual burden:* 9300 hours). FCC Form 474, Service Provider Invoice Form—The purpose of FCC Form 474, is to establish the processing and procedure for a service provider to seek reimbursement for the costs of discounts it provided to eligible entities on eligible services as defined under the FCC's rules governing the schools and libraries universal service support mechanism pursuant to the Telecommunications Act of 1996. The Service Provider Invoice Form is also used by the fund administrator, the SLD, to assure that the dollars paid out by the fund administrator on a funding request number (FRN) do not exceed that FRN. An FRN is a service or group of services for which funding was requested by an applicant and for which the fund administrator issued a Funding Commitment Decision Letter to both the applicant and service provider. The letter identifies the amount of discounts that have been approved for each FRN and the SPIN for the service provider that is authorized to provide the discounts. FCC Form 474 verifies that each service provider has provided discounted services within the current funding year for which it submits an invoice to the SLD and assures that

invoices submitted from service providers for the costs of discounted eligible services do not exceed the funding year cap for each FRN. (*No. of respondents: 2500; hours per response: 1.5 hours; total annual burden: 3750 hours*). All of the forms are necessary to implement the congressional mandate for universal service. FCC Forms 473 and 474 verify that each service provider has provided discounted services within the current funding year for which it submits an invoice to the SLD and assure that invoices submitted from service providers for the costs of discounted eligible services do not exceed the funding year cap for each FRN. FCC Form 472 allows eligible entities to seek reimbursement from the service providers. Call SLD at 1-888-203-8100 for questions concerning or for copies of FCC Forms 472, 473, or 474. Copies of the forms are also available via the internet at www.universalservice.org. *Obligation to respond:* Required to obtain or retain benefits.

Public reporting burdens for the collections of information are as noted above. Send comments regarding the burden estimates or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.
