

the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has procedures at <https://www.nih.gov/about-nih/visitor-information/campus-access-security> for entrance into on-campus and off-campus facilities. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors attending a meeting on campus or at an off-campus federal facility will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

Additional Health and Safety Guidance: Before attending a meeting at an NIH facility, it is important that visitors review the NIH COVID-19 Safety Plan at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/Pages/default.aspx> and the NIH testing and assessment web page at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/COVID-assessment-testing/Pages/visitor-testing-requirement.aspx> for information about requirements and procedures for entering NIH facilities, especially when COVID-19 community levels are medium or high. In addition, the Safer Federal Workforce website has FAQs for visitors at <https://www.saferfederalworkforce.gov/faq/visitors/>. Please note that if an individual has a COVID-19 diagnosis within 10 days of the meeting, that person must attend virtually. (For more information please read NIH's Requirements for Persons after Exposure at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/COVID-assessment-testing/Pages/persons-after-exposure.aspx> and What Happens When Someone Tests Positive at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/COVID-assessment-testing/Pages/test-positive.aspx>. Anyone from the public can attend the open portion of the meeting virtually via the NIH Videocasting website (<http://videocast.nih.gov>). Please continue checking these websites, in addition to the committee website listed below, for the most up to date guidance as the meeting date approaches. DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2019–0882]

BNSF Railway Bridge Across the Missouri River Between Bismarck and Mandan, North Dakota; Final Environmental Impact Statement

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability for a Final Environmental Impact Statement.

SUMMARY: The Coast Guard announces the availability of a Final Environmental Impact Statement (EIS) for the proposed replacement of the BNSF Railway Bridge across the Missouri River between Bismarck and Mandan, North Dakota. This was prepared in compliance with the National Environmental Policy Act of 1969 (NEPA) and Council on Environmental Quality implementing regulations, and the National Historic Preservation Act (NHPA). This final EIS evaluates the potential environmental consequences of permitting the replacement of the existing BNSF Railway Bridge across the Missouri River between the cities of Bismarck and Mandan, ND, or the construction of a bridge adjacent to the existing bridge. The applicant proposes to remove the existing structure, which is eligible for listing on the National Register of Historic Places. The Coast Guard analyzed proposed alternatives, through the NEPA and NHPA processes, which included alternatives to construct the new bridge while retaining the existing bridge. The Coast Guard is making the final EIS available to the public on this docket. Section 4.0 of the final EIS identifies the preferred alternative, which is to construct a new bridge with 200-foot spans, and piers 20 feet upstream of the existing bridge, and to remove the existing structure.

DATES: The Coast Guard intends to issue a Record of Decision on November 28, 2022.
