

at the following location: EPA Region 4, Air, Pesticides and Toxics Management Division, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The final Order is also available electronically at the following address: http://www.epa.gov/region07/programs/artd/air/title5/petitiondb/petitions/georgiapacific_decision2003.pdf.

FOR FURTHER INFORMATION CONTACT: Art Hofmeister, Air Permits Section, EPA Region 4, at (404) 562-9115 or hofmeister.art@epa.gov.

SUPPLEMENTARY INFORMATION: The Act affords EPA a 45-day period to review and, as appropriate, to object to operating permits proposed by state permitting authorities under title V of the Act, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the Act and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

Ms. Strong submitted a petition on May 15, 2003, requesting that EPA object to a state title V operating permit issued by EPD to Georgia-Pacific. The Petitioner maintains that the Georgia-Pacific permit is inconsistent with the Act because: (1) It fails to ensure the source's compliance with Georgia's nuisance rule; (2) it allows the source to emit illegal levels of formaldehyde emissions; and (3) the public notice and comment procedures associated with its issuance were flawed.

On September 21, 2006, the Administrator issued an Order denying this petition. The Order explains the reasons behind EPA's conclusion that the Petitioner has failed to demonstrate that the Georgia-Pacific permit is not in compliance with the requirements of the Act on the grounds raised.

Dated: December 5, 2006.

A. Stanley Meiburg,

Deputy Regional Administrator, Region 4.

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Continental Carbon Company; Phenix City (Russell County), AL

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to a state operating permit.

SUMMARY: Pursuant to Clean Air Act Section 505(b)(2) and 40 CFR 70.8(d), the EPA Administrator signed an Order, dated September 21, 2006, denying a petition to object to a state operating permit issued by the Alabama Department of Environmental Management (ADEM) to Continental Carbon Company located in Phenix City, Russell County, Alabama. This Order constitutes final action on the petition submitted by Action Marine, Inc.; John Tharpe; the City of Columbus, Georgia; Owen and Mabel Ditchfield; Donald and Carolyn Lang; Alma Chapman; and Lois Baggett (Petitioners). Pursuant to section 505(b)(2) of the Clean Air Act (the Act) any person may seek judicial review of the Order in the United States Court of Appeals for the appropriate circuit within 60 days of this notice under section 307 of the Act.

ADDRESSES: Copies of the final Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4, Air, Pesticides and Toxics Management Division, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The final Order is also available electronically at the following address: http://www.epa.gov/region07/programs/artd/air/title5/petitiondb/petitions/continentalcarbon_decision2003.pdf.

FOR FURTHER INFORMATION CONTACT: Kathleen Forney, Air Permits Section, EPA Region 4, at (404) 562-9130 or forney.kathleen@epa.gov.

SUPPLEMENTARY INFORMATION: The Act affords EPA a 45-day period to review and, as appropriate, to object to operating permits proposed by state permitting authorities under title V of the Act, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the Act and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity

during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

Petitioners submitted a petition on December 24, 2003, requesting that EPA object to a state title V operating permit issued by ADEM to Continental Carbon. Petitioners maintain that the Continental Carbon permit is inconsistent with the Act because: (1) The public participation procedures associated with its issuance failed to utilize certain local newspapers; and (2) materials related to changes made to the draft permit following public comment were not made readily available to the public.

On September 21, 2006, the Administrator issued an Order denying this petition. The Order explains the reasons behind EPA's conclusion that the Petitioners failed to demonstrate that the Continental Carbon permit is not in compliance with the requirements of the Act on the grounds raised.

Dated: December 5, 2006.

[Petition IV-2001-6; FRL-8255-5]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for King Finishing; Dover (Screven County), GA

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order denying petition to object to a state operating permit in response to remand.

SUMMARY: On September 21, 2006, the Administrator issued an Order Granting Remanded Issue on Petition to Object (Order) regarding a state operating permit issued to King Finishing located in Dover, Screven County, Georgia, pursuant to title V of the Clean Air Act (the Act), 42 U.S.C. 7661-7661f. On October 9, 2001, the Georgia Center for Law in the Public Interest filed a petition, on behalf of the Sierra Club (Petitioner), seeking EPA's objection to the title V operating permit issued to King Finishing by the Georgia Environmental Protection Division (EPD). The Administrator denied the

petition in an Order dated October 9, 2002. Pursuant to Section 502(b) of the Act, Petitioner appealed to the U.S. Court of Appeals for the Eleventh Circuit (the Court). On January 20, 2006, the Court partially granted Petitioner's request for review, vacated the October 9, 2002, Order with respect to the mailing list issue, and remanded the issue to EPA for further consideration. Upon further consideration, EPA granted Petitioner's request to object to the King Finishing permit for EPD's failure to use a mailing list.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4, Air, Pesticides and Toxics Management Division, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960. The final Order is also available electronically at the following address: http://www.epa.gov/region7/programs/artd/air/title5/petitiondb/petitions/kingfinishing_decision2001_remanded.pdf

FOR FURTHER INFORMATION CONTACT: Art Hofmeister, Air Permits Section, EPA Region 4, at (404) 562-9115 or hofmeister.art@epa.gov.

SUPPLEMENTARY INFORMATION: Other inconsistencies (with the Act) alleged by the Petitioner were: that the public participation process and the public notice of the draft permit were inadequate; that the permit improperly limits enforcement authority and the use of credible evidence; and that the permit contains both inadequate monitoring and reporting requirements. EPA's October 9, 2002, denial of the above issues was unaffected by the Court's decision.

Dated: December 5, 2006.

A. Stanley Meiburg,

Deputy Regional Administrator, Region 4.

Clean Air Act Advisory Committee (CAAAC) Notice of Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that the Clean Air Act Advisory Committee will hold its next open meeting on Thursday,

January 11, 2007. The meeting is open to the public to attend and will begin at approximately 8:30 a.m. to 4 p.m. at the DoubleTree Hotel at 300 Army Navy Drive, Arlington, VA 22202. The Subcommittee meetings will be held on January 10, 2007 starting approximately at 9 a.m. to 4:30 p.m. at the same location as the full committee. Seating will be available on a first come, first served basis. The Mobile Source Technical Review subcommittee will not meet at this time. The agenda for the full committee meeting will be posted on the CAAAC Web site: <http://www.epa.gov/oar/caaac/>.

DATES: Clean Air Act Advisory Committee will hold its next open meeting on Thursday, January 11, 2007, from approximately 8:30 a.m. to 4 p.m. Subcommittees will meet on Wednesday, January 10, 2007.

ADDRESSES: CAAAC and its subcommittee meetings will be held at the DoubleTree Hotel at 300 Army Navy Drive, Arlington, VA 22202.

FOR FURTHER INFORMATION CONTACT:

Concerning the CAAAC, please contact Pat Childers, Office of Air and Radiation, U.S. EPA (202) 564-1082, FAX (202) 564-1352 or by mail at U.S. EPA, Office of Air and Radiation (Mail code 6102 A), 1200 Pennsylvania Avenue, NW., Washington, DC 20004. For information on the Subcommittee meetings, please contact the following individuals: (1) Permits/NSR/Toxics Integration—Debbie Stackhouse, 919-541-5354; (2) Air Quality Management—Jeff Whitlow, 919-541-5523; and (3) Economic Incentives and Regulatory Innovations—Carey Fitzmaurice, 202-564-1667. Additional Information on these meetings, CAAAC and its Subcommittees can be found on the CAAAC Web site: <http://www.epa.gov/oar/caaac/>.

Meeting Access: For information on access or services for individuals with disabilities, please contact Mr. Pat Childers at (202) 564-1082 or childers.pat@epa.gov. To request accommodation of a disability, please contact Mr. Childers, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

SUPPLEMENTARY INFORMATION: *Inspection of Committee Documents:* The Committee agenda and any documents prepared for the meeting will be publicly available at the meeting. Thereafter, these documents, together with CAAAC meeting minutes, will be available by contacting the Office of Air and Radiation Docket and requesting information under docket OAR-2004-0075. The Docket office can be reached

by telephoning 202-260-7548; FAX 202-260-4400.

Dated: November 8, 2006.

Patrick Childers,

Designated Federal Official for Clean Air Act Advisory Committee.

Acid Copper Chromate (ACC); Product Cancellation Order to Delete ACC Uses in Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order terminating all residential uses of the acid copper chromate (ACC) registration held by OSMOSE, Inc. The affected registration is EPA Reg. No. 3008-60. OSMOSE voluntarily requested the use termination, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. OSMOSE requested that it not be provided with any existing stocks provisions for the product. The Agency announced receipt of this request in a July 18, 2006 **Federal Register** Notice of Receipt of Request (71 FR 40717) (FRL-8080-5). In the July 18, 2006 Notice, EPA stated that it would accept the request and issue an order implementing the use termination, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of the request, or unless the registrant withdrew the request within this period, which closed August 17, 2006. The Agency received one comment on the notice which was carefully considered by the Agency; it was determined that the request did not merit further review. Further, the registrant did not withdraw its request. Accordingly, on October 17, 2006 EPA approved the request. EPA hereby issues through this notice an order implementing the approved use terminations. Any distribution, sale, or use of the ACC product subject to this cancellation order is permitted only in accordance with the terms of this order.

DATES: The cancellations are effective December 14, 2006.
