

IC No.	Information collection instrument	Estimated time for response (hours)	Estimated annual responses	Estimated annual burden hours	Rate (\$/hr)	Total cost (\$)
		(a)	(b)	(a) × (b) = (c)	(d)	(c) × (d) = (e)
Total			3,000	6,000		2,334,000.00

Estimated Total Annual Cost Burden (Non-Hourly): \$504.00. There are no capital startup, maintenance, or operating fees associated with this collection. There are, however, postage costs associated with this collection.

Specifically, customers may incur postage costs when submitting the information in this collection to the USPTO by mail through the United States Postal Service. The USPTO estimates that the average first class

postage cost for a mailed one-pound submission will be \$5.60 and approximately 90 submissions will be submitted to the USPTO requiring postage.

No.	Information collection instrument	Responses (yr)	Postage costs	Total non-hour cost burden (yr)
		(a)	(b)	(a) × (b) = (c)
1	Submissions Under 37 CFR 1.28(c)	45	\$5.60	\$252.00
2	Submissions Under 37 CFR 1.29(k)	45	5.60	252.00
Total		90		504.00

Therefore, the USPTO estimates that the total annual (non-hour) cost burden for this collection, in the form of postage costs is \$504.00 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they will also become a matter of public record.

Dated: March 13, 2015.

Additional information about this collection is also available at <http://www.reginfo.gov> under "Information Collection Review."

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) is required by 35 U.S.C. 131 *et seq.* to examine an application for patent and, when appropriate, issue a patent. The provisions of 35 U.S.C. 301 and 37 CFR 1.501 govern the ability of a person to submit into the file of an issued patent (i) prior art consisting of patents or printed publications which that person believes to have a bearing on the patentability of any claim of a patent and (ii) written statements of a patent owner filed in a proceeding before a Federal court or the USPTO in which the patent owner took a position on the scope of any claim of the patent.

The information in this collection can be submitted electronically through EFS-Web, the USPTO's web-based electronic filing system, as well as on paper. The USPTO therefore accounts for both electronic and paper submissions in this collection.

II. Method of Collection

Electronically if applicants submit the information using the TEAS forms. By mail or hand delivery if applicants

choose to submit the information in paper form.

III. Data

OMB Number: 0651-0067.

IC Instruments: The individual instruments in this collection, as well as their associated forms, are listed in the table below.

IC No.	Information collection instrument	Form(s)
1	Information Disclosure Citation in a Patent (paper and electronic)	• PTO/SB/42.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Responses: The USPTO estimates that it will receive a total of 240 responses to this information collection annually, of which 60 will be filed by small entities. The USPTO estimates that 230 of the 240 responses will be filed electronically.

Estimated Time per Response: The USPTO estimates that it will take the

public 10 hours to complete the collection of information. This includes time to gather the necessary information, create the document, and submit the completed request to the USPTO. The USPTO calculates that, on balance, it takes the same amount of time to gather the necessary information, create the document, and submit it to the USPTO, whether the applicant submits the information in paper form or electronically.

The time per response, estimated annual responses, and estimated annual

hour burden associated with each instrument in this information collection is shown in the table below.

Estimated Total Annual Hour Burden: 2,400 hours.

Estimated Total Annual Cost Burden (Hourly): \$933,600. The USPTO expects that attorneys will complete the instruments associated with this information collection. The professional hourly rate for attorneys is \$389. Using this hourly rate, the USPTO estimates \$933,600 per year for the total hourly costs associated with respondents.

No.	Information collection instrument	Estimated time for response (minutes)	Estimated annual responses	Estimated annual burden hours
		(a)	(b)	(a) x (b) = (c)
1	Electronic Information Disclosure Citation in a Patent	600	230	2,300
2	Information Disclosure Citation in a Patent	600	10	100
Total			240	2,400

Estimated Total Annual Cost Burden (Non-Hourly): \$57.50. There are postage costs associated with information disclosure citations in a patent. Customers may incur postage costs

when submitting the information in this collection to the USPTO by mail through the United States Postal Service. The USPTO estimates that the average postage cost for a mailed one-

pound submission will be \$5.75 and approximately 10 submissions will be submitted to the USPTO requiring postage. The estimated postage cost for this collection will be \$57.50.

No.	Information collection instrument	Responses (yr)	Postage fee (\$)	Total non-hour cost burden (yr)
		(a)	(b)	(a) x (b) = (c)
1	Information Disclosure Citation in a Patent	10	\$5.75	\$57.50
Total		10		57.50

Therefore, the USPTO estimates that the total annual (non-hour) cost burden for this collection, in the form of postage is \$57.50 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information, including the validity of the

methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they will also become a matter of public record.
