

Need for Correction

As published, final regulations (TD 8869) contains an error which may prove to be misleading and is in need of clarification.

List of Subjects in 26 CFR Part 1

Income taxes, Reporting and recordkeeping requirements.

Accordingly, 26 CFR part 1 is corrected by making the following correcting amendment:

PART 1—INCOME TAXES

1. The authority citation for part 1 continues to read in part as follows:

Authority: 26 U.S.C. 7805 * * *

§ 1.1361–5 [Corrected]

2. In § 1.1361–5, paragraph (c)(1), the first sentence is amended by removing the language “paragraph (b) of this section)” and adding the language “§ 1.1362–5(b))” in its place.

Cynthia E. Grigsby,

Chief, Regulations Unit, Associate Chief Counsel (Income Tax and Accounting).

BILLING CODE 4830–01–P

DEPARTMENT OF DEFENSE**Department of the Army; Corps of Engineers****33 CFR Part 334****United States Navy Restricted Area, Narragansett Bay, East Passage, Coddington Cove, RI**

AGENCY: United States Army Corps of Engineers, DoD.

ACTION: Final rule.

SUMMARY: The U.S. Army Corps of Engineers is amending its regulations to establish a restricted area in waters adjacent to Naval Station Newport in Newport, Rhode Island. This amendment will close off an open area in Coddington Cove east of a line that connects Coddington Point at latitude 41° 31' 24.0" N, longitude 071° 19' 24.0" W; with the outer end of the Coddington Cove Breakwater on the north side of the cove at latitude 41° 31' 55.7" N, longitude 071° 19' 28.2" W. The regulations are necessary to safeguard Navy vessels and United States Government facilities from sabotage and other subversive acts, accidents, or incidents of similar nature. These regulations are also necessary to protect the public from potentially hazardous conditions which may exist as a result of Navy use of the area.

EFFECTIVE DATE: November 25, 2002.

ADDRESSES: U.S. Army Corps of Engineers, ATTN: CECW–OR, 441 G Street, NW., Washington, DC 20314–1000.

FOR FURTHER INFORMATION CONTACT: Mr. Frank Torbett, Headquarters Regulatory Branch, Washington, DC at (202) 761–4618, or Mr. Richard Roach, Corps of Engineers, New England District, Regulatory Division, at (978) 318–8211 or (800) 343–4789.

SUPPLEMENTARY INFORMATION: Pursuant to its authorities in section 7 of the Rivers and Harbors Act of 1917 (40 Stat. 266; 33 U.S.C. 1) and chapter XIX, of the Army Appropriations Act of 1919 (40 Stat. 892; 33 U.S.C. 3) the Corps is amending the restricted area regulations in 33 CFR part 334 by adding § 334.81 to establish a restricted area in waters adjacent to Naval Station Newport at Newport Rhode Island.

Procedural Requirements**A. Review Under Executive Order 12866**

This rule is issued with respect to a military function of the Defense Department and the provisions of Executive Order 12866 do not apply.

B. Review Under the Regulatory Flexibility Act

This rule has been reviewed under the Regulatory Flexibility Act (Public Law 96–354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (*i.e.*, small businesses and small governments). The Corps expects that the economic impact of this restricted area will have practically no impact on the public, no anticipated navigational hazard or interference with existing waterway traffic and accordingly, certifies that this rule will have no significant economic impact on small entities.

C. Review Under the National Environmental Policy Act

The New England District has prepared an Environmental Assessment (EA) for this action. We have concluded, based on the minor nature of the additional restricted area regulations, that this action will not have a significant impact to the quality of the human environment, and preparation of an Environmental Impact Statement (EIS) is not required. The EA may be reviewed at the New England District office listed at the end of **FOR FURTHER INFORMATION CONTACT**, above.

D. Unfunded Mandates Act

This rule does not impose an enforceable duty among the private sector and, therefore, is not a Federal private sector mandate and is not subject to the requirements of section 202 or 205 of the Unfunded Mandates Act. We have also found under section 203 of the Act, that small Governments will not be significantly and uniquely affected by this rulemaking.

E. Submission to Congress and the General Accounting Office

Pursuant to section 801(a)(1)(A) of the Administrative Procedure Act, as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, the Army has submitted a report containing this Rule to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the General Accounting Office. This Rule is not a major Rule within the meaning of section 804(2) of the Administrative Procedure Act, as amended.

List of Subjects in 33 CFR Part 334

Danger zones, Marine safety, Navigation (water), Restricted areas, Waterways.

For the reasons set out in the preamble, the Corps amends 33 CFR part 334 as follows:

PART 334—DANGER ZONE AND RESTRICTED AREA REGULATIONS

1. The authority citation for part 334 continues to read as follows:

Authority: 40 Stat. 266 (33 U.S.C. 1) and 40 Stat. 892 (33 U.S.C. 3).

2. Section 334.81 is added to read as follows:

§ 334.81 Narragansett Bay, East Passage, Coddington Cove, Naval Station Newport, Naval Restricted Area, Newport, Rhode Island.

(a) *The area.* All of the navigable waters of Coddington Cove east of a line that connects Coddington Point at latitude 41° 31' 24.0" N, longitude 071° 19' 24.0" W; with the outer end of the Coddington Cove Breakwater on the north side of the cove at latitude 41° 31' 55.7" N, longitude 071° 19' 28.2" W.

(b) *The regulation.* All persons, swimmers, vessels and other craft, except those vessels under the supervision or contract to local military or Naval authority, vessels of the United States Coast Guard, and local or state law enforcement vessels, are prohibited from entering the restricted area without specific permission from the Commanding Officer, Naval Station Newport, USN, Newport, Rhode Island or his/her authorized representative.

(c) *Enforcement.* The regulation in this section, promulgated by the United States Army Corps of Engineers, shall be enforced by the United States Navy, Commanding Officer Naval Station Newport, and/or such agencies or persons as he/she may designate.

Dated: September 26, 2002.

Michael G. Ensich,

Acting Chief, Operations Division, Directorate of Civil Works.

BILLING CODE 3710-92-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[OPP-2002-0235; FRL-7276-9]

Clopyralid; Pesticide Tolerance Technical Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; technical correction.

SUMMARY: EPA issued a final rule in the **Federal Register** of September 25, 2002, establishing tolerances for clopyralid. This document is being issued to correct unnecessary tolerances for meat byproducts except kidney of cattle, goats, horses, and sheep at 1.0 parts per million.

DATES: This regulation is effective October 24, 2002.

FOR FURTHER INFORMATION CONTACT: By mail: Joanne I. Miller, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 305-6224; and e-mail address: miller.joanne@epamail.epa.gov

SUPPLEMENTARY INFORMATION:

I. Does this Action Apply to Me?

The Agency included in the final rule a list of those who may be potentially affected by the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2002-0235. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action.

Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>. A frequently updated electronic version of 40 CFR part 180 is available at http://www.access.gpo.gov/nara/cfr/cfrhtml_00/Title_40/40cfr180_00.html, a beta site currently under development.

An electronic version of the public docket is available through EPA’s electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select “search,” then key in the appropriate docket ID number.

III. What Does this Technical Correction Do?

Tolerances for clopyralid on various commodities were published in the **Federal Register** on September 25, 2002 (67 FR 60152) (FRL-7198-4) including meat byproducts except liver of cattle, goats, horses and sheep at 36.0 parts per million. These tolerances superseded tolerances previously established for meat byproducts except kidney of cattle, goats, horses and sheep at 1.0 ppm. This technical correction removes the lower tolerances from § 180.431.

IV. Why is this Correction Issued as a Final Rule?

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an Agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making today’s technical correction final without prior proposal and opportunity for comment, because EPA

is merely correcting the section to remove certain commodities from the previously published final rule. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(B).

V. Do Any of the Regulatory Assessment Requirements Apply to this Action?

This action corrects tolerances established under section 408(e) of the Federal Food, Drug, and Cosmetic Act (FFDCA). The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled *Regulatory Planning and Review* (58 FR 51735, October 4, 1993). Because this technical correction has been exempted from review under Executive Order 12866 due to its lack of significance, this technical correction is not subject to Executive Order 13211, entitled *Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use* (66 FR 28355, May 22, 2001). In addition, this technical correction does not contain any information collections subject to OMB approval under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*, or impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). Nor does it require any prior consultation as specified by Executive Order 12875, entitled *Enhancing the Intergovernmental Partnership* (58 FR 58093, October 28, 1993), or special considerations as required by Executive Order 12898, entitled *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations* (59 FR 7629, February 16, 1994), or require OMB review in accordance with Executive Order 13045, entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997).

In addition, under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Agency previously assessed whether establishing tolerances, exemptions from tolerances, raising tolerance levels, or expanding exemptions might adversely impact small entities and concluded, as a generic matter, that there is no adverse economic impact. The factual basis for the Agency’s generic certification for tolerance actions published on May 4, 1981 (46 FR 24950), and was provided to the Chief Counsel for Advocacy of the Small Business Administration.
