Notice of Lodging of Consent Decree Under the Clean Water Act

Notice is hereby given that on December 14, 2011, a proposed Consent Decree (“Decree”) in *United States, et al. v. Metropolitan Water Reclamation District of Greater Chicago*, Civil Action No. 1:11–cv–08859, was lodged with the United States District Court for the Northern District of Illinois.

In this action the United States, on behalf of the U.S. Environmental Protection Agency (“U.S. EPA”), and the State of Illinois sought penalties and injunctive relief under the Clean Water Act (“CWA”) against the Metropolitan Water Reclamation District of Greater Chicago (“Defendant”) relating to discharges from its combined sewer outfalls (“CSOs”). The Complaint alleges that Defendant violated the following CSO-related provisions of its CWA permits: The prohibition on discharging pollutants into waters of the United States that cause or contribute to violations of applicable water quality standards for dissolved oxygen, solids, and floatables. The United States also alleges that Defendant violated the requirement of its National Pollutant Discharge Elimination System or NPDES permits to provide the equivalent of primary treatment for at least ten times the average dry weather flow for the average design year. The proposed Consent Decree between Defendant, the United States, and the State of Illinois requires the following: (1) A schedule for completion of the Tunnel and Reservoir Program (“TARP”), the long term control plan to increase Defendant's capacity to handle wet weather events and address CSO discharges in Chicago area waterways; (2) a plan to control floatables in such waterways; (3) post construction monitoring following completion of TARP; (4) payment of a civil penalty of \$675,000, of which \$350,000 will be paid to the United States and \$325,000 to the State of Illinois; and (5) a green infrastructure program to reduce CSO

discharges, localized flooding and stormwater impacts.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Decree. DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Aliens in Agriculture in the United States: 2012 Adverse Effect Wage Rates

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Employment and Training Administration (ETA) of the Department of Labor (Department) is issuing this notice to announce the 2012 Adverse Effect Wage Rates (AEWRs) for the employment of temporary or seasonal nonimmigrant foreign workers to perform agricultural labor or services (H-2A workers).

AEWRs are the minimum wage rates the Department has determined must be offered and paid by employers to H-2A workers and workers in corresponding employment for a particular occupation and area so that the wages of similarly employed U.S. workers will not be adversely affected. 20 CFR 655.100(b). In this notice, the Department announces the AEWRs for 2012.

DATES: *Effective Date:* This notice is effective *December 22, 2011*.

FOR FURTHER INFORMATION CONTACT:

William L. Carlson, Ph.D., Administrator, Office of Foreign Labor Certification, U.S. Department of Labor, Room C-4312, 200 Constitution Avenue NW., Washington, DC 20210. Telephone: (202) 693-3010 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The U.S. Citizenship and Immigration Services of the Department of Homeland Security will not approve an employer's petition for the admission of H-2A nonimmigrant temporary agricultural workers in the U.S. unless the petitioner has received from the Department an H-2A labor certification. The labor certification provides that: (1) There are not sufficient U.S. workers who are able, willing, and qualified and who will be available at the time and place needed to perform the labor or services involved in the petition; and (2) the employment of the foreign worker(s) in such labor or services will not adversely affect the wages and working conditions of workers in the U.S. similarly employed. 8 U.S.C. 1101(a)(15)(H)(ii)(a), 1101(a)(15)(H)(ii)(b), 1184(c)(1), and 1188(a); 8 CFR 214.2(h)(5) and (6).

Adverse Effect Wage Rates for 2012

The Department's H-2A regulations at 20 CFR 655.120(l) provide that employers must pay their H-2A workers and workers in corresponding employment at least the highest of: (i) The AEWR; (ii) the prevailing wage; (iii) the prevailing piece rate; (iv) the agreed-upon collective bargaining wage, if applicable; or (v) the Federal or State minimum wage, in effect at the time the work is performed.

Except as otherwise provided in 20 CFR part 655, subpart B, the region-wide AEWR for all agricultural employment (except those occupations deemed inappropriate under the special procedure provisions of 20 CFR 655.102) for which temporary H-2A certification is being sought is equal to the annual weighted average hourly wage rate for field and livestock workers (combined) for the region as published annually by the United States Department of Agriculture (USDA). 20

CFR 655.120(c) requires the Administrator of the Office of Foreign Labor Certification publish the USDA field and livestock worker (combined) wage data as AEWRs in a **Federal Register** notice. Accordingly, the 2012 AEWRs to be paid for agricultural work performed by U.S. and H-2A workers on or after the effective date of this notice are set forth in the table below:
