DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG63

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery off the Southern Atlantic States; Amendment 18

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent (NOI) to prepare a draft environmental impact statement (DEIS); notice of scoping meetings; request for comments.

SUMMARY: The South Atlantic Fishery Management Council (Council) intends to prepare a DEIS to assess the impacts on the natural and human environment of the management measures proposed in its revised draft Amendment 18 to the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP).

DATES: Written comments on the scope of issues to be addressed in the DEIS must be received by 5 p.m., eastern time, on May 16, 2008.

ADDRESSES: You may submit comments by any of the following methods:

- E-mail: 0648-XG63@noaa.gov.
- Fax: 727-824-5308, Attn: Kate Michie.
- Mail: Kate Michie, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701. Scoping documents are available at the Council's Web site at www.safmc.net.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, South Atlantic Fisheries Management Council, 4055 Faber Place Drive, Suite

201, North Charleston, SC 29405; phone: 843-571-4366, toll free 1-866-SAFMC-10; fax: 843-769-4520; e-mail: Kim.Iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery off the South Atlantic states in the exclusive economic zone is managed under the FMP. Following Council preparation, the FMP was approved and implemented by NMFS under that authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) in March of 1983.

An NOI for Amendment 18 was published January 22, 2008 (73 FR 3701); however, the plan amendment contained in that notice considered the implementation of a limited access privilege (LAP) program for the commercial snapper-grouper fishery in the South Atlantic. The Council has postponed consideration of a LAP program to a future amendment, and different actions are now being considered in Amendment 18. This NOI seeks public comment on the new Amendment 18 and associated DEIS.

The reauthorized Magnuson-Stevens Act of 2006 requires regional fishery management councils to establish annual catch limits (ACLs) for each stock/stock complex and accountability measures to ensure these ACLs are not exceeded. Among other things, Amendment 18 addresses these requirements for South Atlantic red snapper.

A stock assessment has been completed for red snapper through the Southeast Data, Assessment, and Review (SEDAR) process, which indicates the stock is undergoing overfishing and is overfished. The stock assessment will be reviewed by the Council's Scientific and Statistical Committee (SSC) at its June 8 10, 2008, meeting. If the SSC agrees with the SEDAR determination, the Council will continue development of Amendment 18.

To prevent overfishing, the Council intends to set biological parameters in Amendment 18 for red snapper, consistent with the national standards of the Magnuson-Stevens Act. These parameters include maximum sustainable yield, optimum yield (OY), minimum stock size threshold, and maximum fishing mortality rate threshold, which are used to help rebuild overfished stocks.

The Council is required by the Magnuson-Stevens Act to implement rebuilding plans for overfished species. Amendment 18, and the associated DEIS, would also specify a rebuilding

plan for the red snapper stock and consider various management measures to end overfishing. Some of the possible management measures the Council could consider include: quotas, seasonal closures (for both commercial and recreational fisheries), area closures, size limit modifications, and bag limit adjustments. These measures would help to increase the biomass of overfished red snapper and at the same time help to achieve OY for the fishery.

The Council will review public comments and the SSC's determinations at its June 9 13, 2008, meeting and decide whether or not to continue preparation of the DEIS. If the Council does prepare a DEIS, a comment period is planned, which will include public hearings to receive comments. A **Federal Register** notice will announce the availability of the DEIS associated with this amendment, as well as a 45-day public comment period, pursuant to regulations issued by the Council on Environmental Quality for implementing the National Environmental Policy Act and to NOAA's Administrative Order 216-6. The Council will consider public comments received on the DEIS in developing the final environmental impact statement (FEIS), and before voting to submit the final amendment to NMFS for Secretarial review, approval, and implementation. NMFS will announce in the **Federal Register** the availability of the final amendment and FEIS for public review during the Secretarial review period, and will consider all public comments prior to final agency action to approve, disapprove, or partially approve the final amendment.

Scoping Meetings, Times, and Locations

All scoping meetings will begin at 3 p.m. The meetings will be physically accessible to people with disabilities. Requests for information packets or for sign language interpretation or other auxiliary aids should be directed to the Council (see **FOR FURTHER INFORMATION CONTACT**).

RIN 0648-XF67

Schedule for Atlantic Shark Identification Workshops; Changing the Location of an Atlantic Shark Identification Workshop; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops; correction.

SUMMARY: Due to unanticipated construction activity at the North Tampa Branch Library, NMFS is changing the location of its April 24, 2008, Atlantic Shark Identification Workshop that published in the **Federal Register** on March 4, 2008. The May and June workshop locations remain unchanged. Shark dealers are required to attend a workshop to meet new regulatory requirements and maintain valid permits. The Atlantic Shark Identification Workshops are mandatory for all federally permitted Atlantic shark dealers. Additional free workshops will be held in 2008 and announced in the **Federal Register**.

DATES: The dates and times for the Atlantic Shark Identification Workshops have not been changed and will be held April 24, May 22, and June 19, 2008.

See **SUPPLEMENTARY INFORMATION** for further details.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Tampa, FL; Wilmington, NC; and Jefferson, LA. See **SUPPLEMENTARY INFORMATION** for the corrected Tampa, FL, workshop location.

FOR FURTHER INFORMATION CONTACT: Greg Fairclough by phone:(727) 824-5399, or by fax: (727) 824-5398.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of March 4, 2008, in FR Doc. E8-4126, on page 11622, in the first column, correct the location of the first workshop listed under the heading "Workshop Dates, Times, and Locations" to read:

Workshop Dates, Times, and Locations

1. April 24, 2008, from 10:30 a.m. - 3:30 p.m. Town 'N Country Regional Public Library, Thompson Center Waters Complex, 5455 West Waters Avenue - Suite 208, Tampa, FL 33634.

Atlantic Shark Identification Workshop

Effective December 31, 2007, an Atlantic shark dealer may not receive, purchase, trade, or barter for Atlantic shark unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop will be issued a certificate for each place of business that is permitted to receive sharks.

Dealers may send a proxy to an Atlantic Shark Identification Workshop, however, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit. Only one certificate will be issued to each proxy. A proxy must be a person who: is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and fills out dealer reports. Additionally, after December 31, 2007, an Atlantic shark dealer may not renew a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location has been submitted with the permit renewal application. Sixteen free Atlantic Shark Identification Workshops were held in 2007.

The workshop schedules, registration information, and a list of frequently asked questions regarding these workshops are posted on the internet at: <http://www.nmfs.noaa.gov/sfa/hms/workshops>.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander by email at esander@peoplepc.com or by phone at (386) 852-8588.

Registration Materials

To ensure that workshop certificates are linked to the correct permits,

participants will need to bring the following items to the workshop:

Atlantic shark dealer permit holders must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.

Atlantic shark dealer proxies must bring documentation from the shark dealer acknowledging that the proxy is attending the workshop on behalf of the Atlantic shark dealer, a copy of the appropriate permit, and proof of identification.

Workshop Objectives

The shark identification workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Dated: April 1, 2008.

Alan D. Risenhoover

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
