

SUPPLEMENTARY INFORMATION: The Program encompasses an area of about 1,036,000 acres within the Basin, extending from Orland in the north to Knights Landing in the south, and includes lands in Glenn, Colusa, and Yolo Counties. The Sacramento River and Coastal Range foothills form its eastern and western boundaries, respectively. Within this area, the District encompasses about 650,000 acres.

The proposed action is to construct flood detention dams and basins on certain ephemeral streams in the foothills west of the Basin that cause the greatest flood damage. Reclamation and the District also propose to implement approximately 10,000 acres of environmental restoration measures to help restore degraded upland, riparian, and wetland habitats in the project area. In addition, the detention basins could provide a water supply that could be used for environmental purposes.

The goal of the Program is to substantially reduce flood damages and restore upland, riparian, and wetland habitats that have been historically degraded in the Colusa Basin. In addition to a No Program Alternative, which involves the continued use of the existing Colusa Basin Drain for drainage management and inadequate flood flow conveyance, six program alternatives are examined. Alternatives 1a, 2a, and 3a include the proposed construction of 14, 8, and 5 foothill flood detention dams and reservoirs, respectively, and about 10,000 acres of upland, riparian, and wetland restoration measures in the Colusa Basin. Alternatives 1b, 2b, and 3b include all the elements of Alternatives 1a, 2a, and 3a, respectively, and would also be operated to provide a water supply that could be used for environmental purposes, including the dedication of some reservoir space for water storage.

Copies of the Final PEIS/PEIR are available for public inspection at the following locations:

- Bureau of Reclamation, Denver Office Library, Building 67, Room 167, Denver Federal Center, 6 and Kipling, Denver CO 80225; telephone: 303-445-2064

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Dated: June 29, 2001.

Lowell F. Ploss,

Deputy Regional Director.

BILLING CODE 4310-MN-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Renewal of Sacramento River Settlement Contracts, Central Valley Project, CA

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to prepare an environmental document (environmental assessment or environmental impact statement) and notice of public meetings.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), the Bureau of Reclamation (Reclamation) proposes to prepare an environmental document to evaluate alternatives for renewal of long-term contracts with the entities and individuals asserting rights to divert water from the natural flow of the Sacramento River. These entities and individuals, known as the Sacramento River settlement contractors, typically receive both non-Central Valley Project water, referred to as base supply, and supplemental water from the Central Valley Project, referred to as Project water. The current contracts expire in 2004, and the proposed renewals would extend for at least 25 years.

At present it is not clear whether the scope of the action and anticipated project impacts will require preparation of an environmental impact statement (EIS) instead of an environmental assessment (EA). However, to ensure the timely and appropriate level of NEPA compliance and to limit potential future delays to the project schedule, Reclamation is proceeding as if the project impacts would require preparation of an EA. Reclamation will re-evaluate the need for an EIS after obtaining written and oral comments on the project scope, alternatives and environmental impacts, and after Reclamation's evaluation of potential impacts of the proposed project. Reclamation will publish a notice of change if a decision is made to prepare an EIS rather than an EA. However, the scoping process to be conducted will suffice for either course of action.

There are no known Indian Trust Asset or environmental justice issues associated with the proposed action.

DATES: Three scoping meetings will be held to solicit comments from interested parties to assist in determining the scope of the environmental analysis and to identify the significant issues related to this proposed action. The meeting dates are:

- Monday, August 6, 2001, 1 to 4 p.m., Tracy, California
- Tuesday, August 7, 2001, 1 to 4 p.m., Concord, California
- Wednesday, August 8, 2001, 1 to 4 p.m., Red Bluff, California

Written comments on the scope of the environmental document should be mailed to Reclamation at the address below by August 27, 2001.

ADDRESSES: The meeting locations are as follows:

- Tracy at Veterans of Foreign Wars, 430 West Grant Line Road
- Concord at Hilton Hotel, 1970 Diamond Boulevard

- Red Bluff at Red Bluff Community/Senior Center, 1500 South Jackson Street

Written comments on the scope of the environmental document should be sent to Buford Holt, Environmental Specialist, Bureau of Reclamation, Northern California Area Office, 16349 Shasta Dam Boulevard, Shasta Lake, CA 96019.

FOR FURTHER INFORMATION CONTACT:

Buford Holt at the above address, by telephone at (530) 275-1554, or e-mail at bholt@mp.usbr.gov.

SUPPLEMENTARY INFORMATION:

The Central Valley Project (CVP) was first authorized as a Federal project in 1935 and includes facilities on the Trinity River, Sacramento River, American River, Sacramento-San Joaquin Delta, San Joaquin River, Stanislaus River and offstream storage and conveyance facilities associated with the San Luis Reservoir and Delta Mendota Canal. Construction of dams on the Sacramento River and the Trinity River substantially modified the flows of the Sacramento River. Prior to construction of the CVP, individuals and entities along the Sacramento River were diverting water for irrigation and municipal and industrial uses under various claims of right. In order to settle the controversy over assertions of water rights, the United States, acting through the Bureau of Reclamation, negotiated contracts that provided for agreement on diversion of water and CVP water service. The term of these Sacramento River settlement contracts was not to exceed 40 years and the contracts expire on March 31, 2004. The settlement contracts provide for renewal which must be accomplished prior to March 31, 2004.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Special Services

Persons requiring any special services should contact Sammie Cervantes at (916) 978-5104. Please notify Ms. Cervantes as far in advance of the particular meeting as possible, but no later than 3 working days prior to the meeting to enable Reclamation to secure the services. If a request cannot be honored, the requester will be notified.

Dated: June 29, 2001.

Laura Allen,

Deputy Regional Environmental Officer.

BILLING CODE 4310-MN-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-459]

Certain Garage Door Operators Including Components Thereof; Notice of Investigation

AGENCY: International Trade Commission.

ACTION: Institution of investigation pursuant to 19 U.S.C. 1337.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on June 15, 2001, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, on behalf of The Chamberlain Group, Inc. of Elmhurst, Illinois. Supplements to the complaint were filed on June 21 and July 9, 2001. The complaint, as supplemented, alleges violations of section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain garage door operators including components thereof by reason of infringement of claims 1-8 of U.S. Letters Patent Re. 35,364 and claims 5-30 of U.S. Letters Patent Re. 36,703. The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a permanent exclusion order and permanent cease and desist orders.

ADDRESSES: The complaint and supplements, except for any confidential information contained therein, are available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Room 112, Washington, DC 20436, telephone

202-205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's ADD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS-ON-LINE) at <http://dockets.usitc.gov/eol/public>.

FOR FURTHER INFORMATION CONTACT:

David O. Lloyd, Esq., Office of Unfair Import Investigations, U.S. International Trade Commission, telephone 202-205-2576.

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, and in section 210.10 of the Commission's Rules of Practice and Procedure, 19 CFR 210.10 (2001).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on July 13, 2001, *Ordered That*—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain garage door operators including components thereof by reason of infringement of claims 1-8 of U.S. Letters Patent Re. 35,364 or claims 5-30 of U.S. Letters Patent Re. 36,703 and whether an industry in the United States exists as required by subsection (a)(2) of section 337.

(2) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainant is—The Chamberlain Group, Inc., 845 Larch Avenue, Elmhurst, Illinois 60126-1196.

(b) The respondents are the following companies alleged to be in violation of section 337, and are the parties upon which the complaint is to be served:

Linear Corporation, 2055 Corte Del Nogal, Carlsbad, California 92009-1498

Napoleon Spring Works, Inc., 111 Weires Drive, Archbold, Ohio 43502

Lynx Industries, Inc., 111 Weires Drive, Archbold, Ohio 43502
