

switchman, etc.) If is accompanied by a \*generic job description\* for that particular railroad job. The generic job descriptions describe how these select occupations are generally performed in the railroad industry. However, not all occupations are performed the same way from railroad to railroad. Thus, the employer is given an opportunity to comment on whether the job description matches the employee's actual duties. If the employer concludes that the generic job description accurately describes the work performed by the applicant, no further action will be necessary. If the employer determines that the tasks are different, it may provide the RRB with a description of the actual job tasks. The employer has thirty days from the date the form is released to reply.

**Note:** The generic job descriptions were prepared and approved by a joint committee consisting of representatives of railroad and railroad management.

Proposed Form G-251b, Employer Job Information (general), is released to an employer when an application for an RRB occupational disability is filed by an employee whose regular railroad occupation does not have a generic job description. It notifies the employer that the employee has filed for a disability annuity and that, if the employer wishes, it may provide the RRB with job duty information. The type of information the RRB is seeking is outlined on the form. The employer has thirty days from the date the form is released to reply.

The RRB proposes no changes to Forms G-251a and G-251b.

The completion time for Form G-251a and G-251b is estimated at 20 minutes. Completion is voluntary. The RRB estimates that approximately 125 G-251a's and 305 G-251b's are completed annually.

## RAILROAD RETIREMENT BOARD

### Proposed Collection; Comment Request

**SUMMARY:** In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and purpose of information collection:* Vocational Report; OMB 3220-0141. Section 2 of the Railroad Retirement Act (RRA) provides for payment of disability annuities to qualified employees and widow(ers). The establishment of permanent disability for work in the applicants "regular occupation" or for work in any regular employment is prescribed in 20 CFR 220.12 and 220.13 respectively.

The RRB utilizes Form G-251, Vocational Report, to obtain an applicant's work history. This information is used by the RRB to determine the effect of a disability on an applicant's ability to work. Form G-251 is designed for use with the RRB's disability benefit application forms and is provided to all applicants for employee disability annuities and to those applicants for a widow(er)'s disability annuity who indicate that they have been employed at some time. Completion is required to obtain or retain a benefit. One response is requested of each respondent.

The RRB proposes non-burden impacting formatting and editorial changes to Form G-251. The completion time for Form G-251 is estimated at between thirty and 40 minutes per response. The RRB estimates that approximately 6,000 Form G-251's are completed annually.

**Additional Information or Comments:** To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363.

Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.
