

**SUMMARY:** As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on potassium permanganate from the People's Republic of China (China) would likely lead to continuation or recurrence of dumping, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD order.

**DATES:** Applicable December 9, 2021.

**FOR FURTHER INFORMATION CONTACT:** Kabir Archuletta, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2593.

**SUPPLEMENTARY INFORMATION:**

**Background**

On January 31, 1984, Commerce published the AD order on potassium permanganate from China.<sup>1</sup> On February 1, 2021, the ITC instituted,<sup>2</sup> and Commerce initiated, the fifth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>3</sup> As a result of its review, Commerce determined that revocation of the *Order* would likely lead to continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the *Order* be revoked.<sup>4</sup>

On December 2, 2021, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

**Scope of the Order**

The merchandise covered by the *Order* is potassium permanganate, an inorganic chemical produced in free-flowing, technical, and pharmaceutical grades. Potassium permanganate is currently classifiable under subheading 2841.61.00 of the Harmonized Tariff

Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise remains dispositive.

**Continuation of the Order**

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to a continuation or a recurrence of dumping, as well as material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*.

U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Order* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, Commerce intends to initiate the next five-year review of the *Order* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

**Administrative Protective Order (APO)**

This notice also serves as the only reminder to parties subject to APO of their responsibility concerning the return, destruction, or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

**Notification to Interested Parties**

This five-year sunset review and this notice are in accordance with section 751(c) of the Act and published in accordance with section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

**SUPPLEMENTARY INFORMATION:**

**Background**

On October 19, 2021, the Department of Commerce (Commerce) initiated the countervailing duty (CVD) investigation of imports of freight rail coupler systems and certain components thereof (freight rail couplers) from the People's Republic of China (China).<sup>1</sup> Currently, the preliminary determination is due no later than December 23, 2021.

**Postponement of Preliminary Determination**

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reason for the request.

Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 29, 2021, the petitioner<sup>2</sup> in this investigation submitted a timely request that Commerce postpone the preliminary CVD determination.<sup>3</sup> The petitioner stated that it is requesting a postponement because additional time is needed to collect the necessary information for determining the most accurate possible CVD rates.<sup>4</sup>

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, February 28, 2022.<sup>5</sup> Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.
