**SUPPLEMENTARY INFORMATION:****Background**

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on January 26, 2022.<sup>1</sup> On May 20, 2022, Commerce postponed the preliminary determination of this investigation until July 28, 2022.<sup>2</sup> For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.<sup>3</sup> A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Scope of the Investigation**

The products covered by this investigation are steel nails from Thailand. For a complete description of the scope of this investigation, *see* Appendix I.

**Scope Comments**

In accordance with the preamble to Commerce's regulations,<sup>4</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product

coverage, (*i.e.*, scope).<sup>5</sup> Certain interested parties commented on the scope of this investigation as it appeared in the *Initiation Notice*. On July 5, 2022, Commerce issued its preliminary determination regarding the scope of the investigation.<sup>6</sup> For a summary of the product coverage comments and rebuttal responses submitted to the record for this investigation, and accompanying analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum. Based on an analysis of the comments received, Commerce preliminarily determined to make no change to the scope language from the *Initiation Notice*, as reflected in Appendix I.<sup>7</sup> Commerce established a separate briefing schedule for interested parties to address the preliminary scope determination.<sup>8</sup>

**Methodology**

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, *see* the Preliminary Decision Memorandum.

**All-Others Rate**

Section 733(d)(1)(ii) of the Act provides that in the preliminary determination, Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. Pursuant to section 735(c)(5)(A) of the Act, this rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act. In this investigation, Commerce assigned a rate

based entirely on facts available to Jinhai Hardware Co., Ltd. (Jinhai). Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts otherwise available is the rate calculated for Come Best Co., Ltd. (Come Best). Consequently, the rate calculated for Come Best is also assigned as the rate for all other producers and exporters.

**Preliminary Determination**

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Come Best (Thailand) Co. Ltd ...	<sup>9</sup> 17.12
Jinhai Hardware Co., Ltd. ....	<sup>10</sup> 65.87
All Others .....	<sup>11</sup> 17.12

**Suspension of Liquidation**

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) the cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

To determine the cash deposit rate, pursuant to section 772(c)(1)(C) of the Act, Commerce normally adjusts the

<sup>7</sup> Though Commerce preliminarily determined to make no change to the language of the scope in response to interested parties' comments, we note that the scope language as listed in Appendix I omits a Harmonized Tariff Schedule of the United States (HTSUS) subheading (7318.15.5060) originally included in the scope language from the *Initiation Notice*, because Commerce determined that the HTSUS subheading does not exist. *Id.* at 15.

estimated weighted-average dumping margin by the amount of export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. However, Commerce did not find countervailable export subsidies in the preliminary determination of the companion CVD investigation.<sup>12</sup> Accordingly, we have not made any adjustment to offset for export subsidies. These suspension of liquidation instructions will remain in effect until further notice.

#### Disclosure

Commerce intends to disclose the calculations performed in connection with this preliminary determination to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

#### Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

#### Public Comment

Case briefs or other written comments on non-scope issues may be submitted to the Assistant Secretary for Enforcement and Compliance.<sup>13</sup> Interested parties will be notified of the timeline for the submission of such case briefs and written comments at a later date. Rebuttal briefs may be submitted no later than seven days after the deadline for case briefs.<sup>14</sup> Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.<sup>15</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a

hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

#### Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On July 6 and 11, 2022, pursuant to 19 CFR 351.210(e), Come Best and Jinhai Hardware, respectively, requested Commerce to postpone the final determination to the maximum of 135 days after the date of the publication of the preliminary determination, and to extend provisional measures to a period not to exceed six months, in the event that Commerce issued an affirmative preliminary antidumping determination in this proceeding.<sup>16</sup> On July 14, 2022, Mid Continent Steel & Wire, Inc. (the petitioner) similarly requested that Commerce postpone the final determination for a period not to exceed 135 days after the date of the publication of the preliminary determination in this proceeding, in the

event that it issued a negative preliminary determination.<sup>17</sup> The petitioner stated further that it supports the respondents' requests to extend any provisional measures from a four-month period not to exceed a six-month period in the investigation, should Commerce reach an affirmative preliminary determination and should the deadline for a final determination be fully extended.<sup>18</sup>

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

#### U.S. International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of steel nails from Thailand are materially injuring, or threaten material injury to, the U.S. industry.

#### Notification to Interested Parties

This preliminary determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: July 28, 2022.
