

Three members of the public attended, along with several agency staff members. In addition GGNRA hosted two Alternatives Refinement Workshops for the public in order to solicit early feedback on the four preliminary alternatives. The workshops were conducted on November 19, 2002 at Tamalpais High School in Mill Valley (approximately 11 community members attended) and on November 26, 2002 at GGNRA Headquarters in San Francisco (approximately 15 community members attended). GGNRA staff prepared and distributed announcements of the meetings to 2,000 individuals and organizations (and these were also distributed at Marin Headlands Visitor Center and posted widely on bulletin boards in Marin County). Summaries of oral comments received at each workshop and written comments from the public have been documented ("Summary of November 2002 Alternatives Refinements Workshops", Nelson/Nygaard 2003). Comments from these workshops were used to further refine the alternatives and identify the main issues to be addressed in finalizing the Draft EIS. GGNRA also hosted a public forum March 14, 2003 to review initial findings of the Fort Baker Cultural Landscape Report and Marin Headlands-Fort Baker Historic Roads Characterization Study (two individuals attended). The most recent public outreach efforts included updates on project alternatives at the last four of GGNRA's quarterly public meetings beginning with a May 16, 2006 meeting at the Mill Valley Community Center. Regular posting of information updates occurs on GGNRA's Web site (<http://parkplanning.nps.gov/goga>).

Comments: Copies of the Draft EIS will be sent to affected Federal, Tribal, State and local government agencies, to all interested parties, and those requesting copies. Printed and digital copies (compact disc) of the Draft EIS will be available at GGNRA headquarters and at local libraries. The complete document will be posted on GGNRA's Web site (noted above). All written comments must be postmarked or transmitted no later than sixty days from the date of EPA's notice of filing published in the **Federal Register** (as soon as this occurs, the confirmed closing date for the comment period will be posted on GGNRA's Web site, and also publicized in all other GGNRA announcements). Written comments may be sent by letter addressed to: General Superintendent, GGNRA, Fort Mason, Bldg. 201, San Francisco, CA 94123 (Attn: MH-FB Transportation Plan). Comments will also be accepted

via the Internet at <http://parkplanning.nps.gov/goga> (click on the project title and follow instructions) or e-mail at goga_planning@nps.gov.

All submissions from organizations or businesses, and from individuals identifying themselves as representatives of or officials of organizations or businesses, are maintained in the project administrative record and will be available for public inspection in their entirety. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire response—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

A public meeting will be scheduled to hear comments on the Draft EIS, approximately 30 days after publication of this notice in the **Federal Register**. Please visit GGNRA's Web site (noted above) to learn more about the project or the conservation planning/environmental impact analysis process, or to obtain information updates regarding the logistics of the public meeting. Questions regarding the Draft EIS may also be directed at any time to Mr. Steve Ortega at (415) 561-4841 (or goga_planning@nps.gov).

Decision Process: Following the careful analysis of all comments received concerning the Draft EIS, it is anticipated that the Final EIS for the proposed Transportation Infrastructure and Management Plan would be completed in fall 2007. Availability of the Final EIS will be announced in the **Federal Register**, and also publicized via local and regional press media, direct mailings, and Web site postings. Not sooner than thirty days after release of the Final EIS, a Record of Decision may be executed (at this time it is anticipated that a recommended decision would be developed during winter 2007-08). As a delegated EIS the approving official is the Regional Director, Pacific West Region. Subsequently, the official responsible for implementation of the approved plan will be the General Superintendent, Golden Gate National Recreation Area.

Dated: May 31, 2007.

Jonathan B. Jarvis,

Regional Director, Pacific West Region.
