SUPPLEMENTARY INFORMATION: The notice of intent is as follows:

Notice of Intent to prepare an Environmental Impact Statement (EIS) for the amended Department of Homeland Security (DHS) Consolidation Master Plan at St. Elizabeths in Southeast Washington, DC.

GSA intends to prepare an EIS to analyze the potential impacts resulting from the amendment of the DHS Consolidation Master Plan, which consists of the development of 750,000 gross square feet (GSF) of secure office space plus associated parking on what is known as the north parcel of the St. Elizabeths East Campus. The primary purpose of this action is to complete the consolidation of DHS mission functions comprising the Department's Headquarters offices at St. Elizabeths for a total of 4.5 million GSF of secure office and shared use space plus associated parking.

Background

DHS previously identified a need to consolidate a minimum critical mass of 4.5 million GSF of secure office space, plus parking, to meet the Department's mission requirements for its consolidated Headquarters in furtherance of developing a more cost-effective, efficient, and functional real estate portfolio in the National Capital Region. DHS' scattered current housing prevents it from accomplishing its mission. This extreme dispersion has also resulted in significant inefficiencies in daily operations, and these inefficiencies have been magnified considerably at the most important moments—when the Department must act as a nimble and integrated team responding to significant natural disasters or terrorist threats.

In response, GSA looked at alternative locations for consolidating DHS' Headquarters offices and concluded that St. Elizabeths was the most viable site for this consolidation. During consultation under Section 106 of the National Historic Preservation Act, as well as with other Federal agencies, the consolidation project was determined to be of less impact to the St. Elizabeths
