

same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. *See also* the Import Administration Web site at <http://trade.gov/ia>.

All requests must be filed electronically in Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS") on the IA ACCESS Web site at <http://iaaccess.trade.gov>. *See Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures*, 76 FR 39263 (July 6, 2011). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of May 2013. If the Department does not receive, by the last day of May 2013, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period, of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Dated: April 17, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-FP-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XB154

Marine Mammals; File No. 16388

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit.

SUMMARY: Notice is hereby given that a permit has been issued to Mark Baumgartner, Ph.D., Woods Hole Oceanographic Institution, MS#33 Biology Department, Woods Hole, MA 02543, to conduct research on humpback whales (*Megaptera novaeangliae*), fin whales (*Balaenoptera physalus*), blue whales (*B. musculus*), sei whales (*B. borealis*), bowhead whales (*Balaena mysticetus*), North Atlantic right whales (*Eubalaena glacialis*), North Pacific right whales (*E.*

japonica), and Eastern North Pacific gray whales (*Eschrichtius robustus*).

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following offices: **See SUPPLEMENTARY INFORMATION.**

FOR FURTHER INFORMATION CONTACT: Carrie Hubbard or Amy Hapeman, (301) 427-8401.

SUPPLEMENTARY INFORMATION: On May 29, 2012, notice was published in the **Federal Register** (77 FR 31585) that a request for a permit to conduct research on baleen whales had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

Permit No. 16388 authorizes research on the diving behavior and foraging ecology of baleen whales in the northwest Atlantic from Maine to Florida; Canadian waters of the Gulf of Maine, Labrador Sea, Davis Strait, Baffin Bay, and Hudson Bay; waters off the U.S. North Pacific (California to Washington); and the Arctic Ocean including Bering, Chukchi and Beaufort Seas. Species to be targeted are humpback, fin, blue, sei, bowhead, North Atlantic right and North Pacific right, and Eastern North Pacific gray whales. Activities include vessel surveys for passive acoustic recording, dermal and suction cup tagging, behavioral observations, photo-id, and tracking. The permit is valid until April 30, 2018.

An environmental assessment (EA) was prepared analyzing the effects of the permitted activities on the human environment in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Based on the analyses in the EA, NMFS determined that issuance of the permit would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on April 15, 2013.

As required by the ESA, issuance of this permit was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of such endangered
