SUPPLEMENTARY INFORMATION:**I. Abstract**

The International Trade Administration's U.S. Commercial Service is mandated by Congress to help U.S. businesses, particularly small and medium-sized companies, export their products and services to global markets. As part of its mission, the U.S. Commercial Service (CS) currently uses customer satisfaction surveys to collect feedback from U.S. business clients that pay for services performed by CS. These surveys ask the client to evaluate CS on its customer service provision. The results from the surveys are used to make improvements to the agency's business processes in order to provide better and more effective export assistance to U.S. companies. In addition to soliciting client feedback after a service is delivered, the CS would like to add a tagline with a link to a Comment Card at the bottom of all employees' e-mail messages to enable clients to submit feedback anytime they see fit. The actual tagline would encourage recipients of the e-mail to click the Comment Card link and

provide feedback on service quality. Samples of taglines could be similar to:

(1) "Please tell me about the quality of service that I have provided to you;" or

(2) "Please let me know how well I have served you."

A link to a Comment Card would immediately follow the tagline. The purpose of the attached card is to collect feedback from U.S. businesses that interact with CS employees. This information will be used for quality assurance purposes. Survey responses will be used to assess client satisfaction, identify client issues, record client results and recognize exemplary service providers.

II. Method of Collection
