**Expiration Date of Approval:** March 31, 2009.

**Type of Request:** Revision of a currently approved information collection.

**Abstract:** The primary objective of the GSM-102 program is to expand U.S. agricultural exports by making available

In addition, each exporter and exporter's assignee (U.S. financial institution) must maintain records on all information submitted to CCC and in connection with sales made under GSM-102. The information collected is used by CCC to manage, plan, evaluate, and account for government resources. The reports and records are required to ensure the proper and judicious use of public funds.

**Estimate of Burden:** The public reporting burden for these collections is estimated to average 0.49 hours per response.
