Responsible DHS Official: Renee Murphy, Designated Federal Officer for the CIPAC.

SUPPLEMENTARY INFORMATION:

Purpose and Activity: The CIPAC facilitates interaction between government officials and representatives of the community of owners and/or operators for each of the critical infrastructure sectors defined by Presidential Policy Directive (PPD) 21 and identified in *National Infrastructure Protection Plan 2013: Partnering for Critical Infrastructure Security and Resilience*. The scope of activities covered by the CIPAC includes: Planning; coordinating among government and critical infrastructure owner and operator partners; implementing security and resilience program initiatives; conducting operational activities related to critical infrastructure security and resilience measures, incident response, and recovery; reconstituting critical infrastructure assets and systems from both manmade and naturally occurring events; and sharing threat, vulnerability, risk mitigation, business continuity information, best practices, and lessons learned at the unclassified level and as necessary, the classified secret level with current clearance holders.

Organizational Structure: CIPAC members are organized into 16 critical infrastructure sectors. Each of these sectors has a Government Coordinating Council (GCC) whose membership includes: (i) A lead Federal agency that is defined as the Sector-Specific Agency; (ii) all relevant Federal, State, local, tribal, and/or territorial government agencies (or their representative bodies) whose mission interests also involve the scope of the CIPAC activities for that particular sector; and (iii) a Sector Coordinating Council (SCC) whose membership includes critical infrastructure owners and/or operators or their representative trade associations.
