Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the

clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)-443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Uniform Data System (OMB No. 0915-0193)—Revision—This is a request for revision of approval of the Uniform Data System (UDS), which contains the annual reporting requirements for the cluster of primary care grantees funded by the Bureau of Primary Health Care (BPHC), Health Resources and Services Administration (HRSA). The UDS includes reporting requirements for grantees of the following primary care programs: Community Health Centers, Migrant Health Centers, Health Care for the Homeless, Outreach and Primary Health Services for Homeless Children and Public Housing Primary Care. Authorizing Legislation is found in Public Law 104-299, Health Center Consolidation Act of 1996, enacting Section 330 of the Public Health Service Act.

The Bureau of Primary Health Care collects data on its programs to ensure compliance with legislative mandates

and to report to Congress and policymakers on program accomplishments. To meet these objectives, BPHC requires a core set of information collected annually that is appropriate for monitoring and evaluating performance and reporting on annual trends. The UDS includes two components: the Universal Report, completed by all grantees, provides data on services, staffing, and financing; and the Grant Report, completed by grantees funded under the Homeless or Public Housing Program as well as one of the other programs, provides data on characteristics of users whose services fall within the scope of the Homeless or Public Housing Program grant. Grantees are also asked to provide information on the charges, collections, bad debt write off and contractual disallowances by payor sources (Medicaid, Medicare, self pay and private insurance). In addition, grantees need to include categories to some of the lists (*e.g.*, services, ICD codes, CPT codes) and annotating the forms to indicate which lines are subtotals and the lines to which they sum.

Estimates of annualized reporting burden are as follows:

Type of report	Number of respondents	Hours per response	Total burden hours
Universal	712	24	17,088
Grant	96	16	1,536
Total	712		18,624

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Morrall, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: April 23, 2001.

Jane M. Harrison,

Director, Division of Policy Review and Coordination.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Federal Assistance to the Columbia Hospital for Women Medical Center Community Outreach Programs

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice of grant award.

SUMMARY: The Maternal and Child Health Bureau (MCHB), Health Resources and Services Administration (HRSA), awarded a grant for \$5 million in fiscal year (FY) 2001 to Columbia Hospital for Women Medical Center, in Washington, DC. The grant supports community outreach programs for women. The award was made from

funds appropriated under Public Law 106-554 (HHS Appropriation Act for FY 2001). As part of MCHB's overall appropriation, monies were specifically designated to support the Columbia Hospital for Women Medical Center project. The grant for the project is a Special Project of Regional and National Significance authorized by section 501(a)(2) of the Social Security Act, the Maternal and Child Health Federal Set-Aside Program.

SINGLE SOURCE JUSTIFICATION: The HRSA is providing Federal financial assistance to the Columbia Hospital for Women Medical Center to support infrastructure development of community outreach programs for women (and their high risk infants), to: (1) Maintain capacity and increase coordination of primary care and preventive services for women and high risk infants who have limited
