SUPPLEMENTARY INFORMATION: *Title:* Export Fruit Regulations—Export Apple Act (7 CFR part 33) and Export Grape and Plums (7 CFR part 35).

OMB Number: 0581-0143.

Expiration Date of Approval: May 31, 2004.

Type of Request: Extension and revision of a currently approved Information Collection.

Abstract: Fresh apples and grapes grown in the United States and shipped to a designated foreign destination must meet minimum quality and other requirements established by regulations issued under the Export Apple Act (7 U.S.C. 581-590) and the Export Grape and Plum Act (7 U.S.C. 591-599) (Acts). Currently, plums are not regulated under the Act. The regulations issued under the Acts cover exports of fresh apples and grapes grown in the United States and shipped to foreign destinations, except Canada and Mexico. Certain limited quantity provisions may exempt some shipments and exporters from this Information Collection. The Secretary of Agriculture is authorized to oversee the implementation of the Acts and issue regulations regarding that activity.

The Information Collection requirements in this request are essential to carry out the intent and administration of the Acts. Both Acts were designed to promote foreign trade in the export of apples, grapes and plums grown in the United States; to protect the reputation of the American-grown commodities; and to prevent deception or misrepresentation of the quality of such products moving in foreign commerce. The Acts have been in effect since 1933 (apples) and 1960 (grapes).

The regulations issued under the Acts (7 CFR 33.11 for apples and § 35.12 for grapes) require that the U.S. Department of Agriculture (USDA) officially inspect and certify that each export shipment of fresh apples and grapes is in compliance with quality and shipping requirements effective under the Acts. Shipments are inspected and certified by Federal or Federal-State Inspection Service (FSIS) inspectors. FSIS is administered by USDA.

The Information Collection requirements in this action impose the minimum burden necessary to effectively administer the Acts.

The Information Collection burden for this action is primarily in the form of recordkeeping. Export Form Certificates (certificates) issued by FSIS are used to facilitate the export process. The

certificates are not completed by the exporters or carriers and are not filed with USDA. The certificates are retained by each exporter, and third party carrier which ships the commodity, to verify their compliance with the Acts. There are an estimated 80 exporters of apples and grapes and an estimated 20 carriers which transport those shipments. Pursuant to the Acts, exporters and carriers must retain inspection certificates for three years.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .25 hours per response.

Recordkeepers: Apple and grape exporters and carriers.

Estimated Number of Recordkeepers: 100.

Estimated Number of Responses: 100.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Recordkeepers: 25 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to Docket Clerk, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, D.C. 20250-0237. Comments should reference the docket number, the date, and the page number of this issue of the **Federal Register**. Comments received will be available for public inspection during regular business hours in Room 2525 at the same address. All comments received on this action can be viewed at: <http://www.ams.usda.gov/fv/moab.html>.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: March 25, 2004.

Title: 7 CFR part 220, School Breakfast Program.

OMB Number: 0584-0012.

Expiration Date: May 31, 2004.

Type of Request: Revision of a currently approved collection.

Abstract: Section 4 of the Child Nutrition Act of 1966 (CNA) (42 U.S.C. 1773), authorizes the School Breakfast Program. The School Breakfast Program is a nutrition assistance program whose benefit is a breakfast meeting nutritional requirements prescribed by the Department in accordance with section 4(e) of the CNA. That provision requires that "Breakfasts served by schools participating in the school breakfast program under this section shall consist of a combination of foods and shall meet minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research."

No new reporting and recordkeeping burdens are requested under this information collection. However, numbers of the reporting and recordkeeping burdens are reduced due to the number of State agencies administering the program dropping from 58 to 57.

The purpose of this Notice is to allow the public 60 days to comment on all reporting and recordkeeping burdens as indicated under the *Estimated Total Annual Burden on Respondents* below. The information being requested is required to administer and operate this program in accordance with the CNA. The program is administered at the state and school food authority levels, and the operations include the submission and approval of applications, execution of agreements, submission of claims, payment of claims, monitoring and providing technical assistance. All of the reporting and recordkeeping requirements associated with the School Breakfast Program are currently approved by the Office of Management and Budget and are in force.

Estimated Number of Respondents: 57 States agencies, 10,108 school food authorities and 72,145 schools. Total: 82,747.
