

this collection of information is estimated to average 33 hours per respondent. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Manufacturers and importers of architectural coatings.

Estimated Number of Respondents: 500.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 16,641 hours.

Estimated Total Annual Cost: \$1,224,507. This includes \$1,224,507 in labor costs and no capital or O&M costs.

Changes in Estimates: There is a reduction of 6,120 hours in the total estimated respondent burden compared with that identified in the OMB Inventory of Approved ICR Burdens. This reduction is a result of revised estimates of number of exceedance fee reports and tonnage exemption reports to be submitted. These revised estimates were updated based on actual reports received in 2007 and 2008 in accordance with OMB's terms of clearance when the existing ICR was previously renewed in 2005. The estimated total annual costs decrease by \$375,200 as a result.

Dated: July 21, 2008.

Sara Hisel-McCoy,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8696-9]

Award of United States-Mexico Border Program Grants Authorized by the Consolidated Appropriations Act, 2008, and Grant Guidance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability.

SUMMARY: This notice announces the availability of a memorandum and accompanying guidance on how the Environmental Protection Agency (EPA) will award and administer the United States-Mexico Border Program grant funds appropriated in the State and Tribal Assistance Grants (STAG) account of the Agency's fiscal year (FY) 2008 appropriations. In the memorandum, the Agency identifies the portion of the available funds that are subject to the accompanying guidance. The grant guidance, which specifies how EPA Region 6 and Region 9 will award and administer these funds, will not be reissued annually. Each grant recipient will receive a copy of the memorandum and grant guidance from EPA. Requests for any materials referenced in the guidance document should be directed to the Regional project officers.

Massachusetts Marine Sanitation Device Standard—Notice of Determination

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Determination.

SUMMARY: The Regional Administrator of the Environmental Protection Agency—New England Region, has determined that adequate facilities for

the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the state waters of Cape Cod Bay in the municipalities of Provincetown, Truro, Wellfleet, Eastham, Orleans, Brewster, Dennis, Yarmouth, Barnstable, Sandwich and Bourne.

ADDRESSES: *Docket:* All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available electronically in www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Ann Rodney, U.S. Environmental Protection Agency—New England Region, One Congress Street, Suite 1100, COP, Boston, MA 02114-2023. Telephone: (617) 918-0538. Fax number: (617) 918-1505. E-mail address: rodney.ann@epa.gov.

SUPPLEMENTARY INFORMATION:

On May 22, 2008, EPA published a notice that the Commonwealth of Massachusetts had petitioned the Regional Administrator, Environmental Protection Agency, to determine that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the state waters of Cape Cod Bay in the municipalities of Provincetown, Truro, Wellfleet, Eastham, Orleans, Brewster, Dennis, Yarmouth, Barnstable, Sandwich and Bourne. Two comments were received on this petition.

The petition was filed pursuant to Section 312(f)(3) of Public Law 92-500, as amended by Public Laws 95-217 and 100-4, for the purpose of declaring these waters a No Discharge Area (NDA).

Section 312(f)(3) states: After the effective date of the initial standards and regulations promulgated under this section, if any State determines that the protection and enhancement of the quality of some or all of the waters within such States require greater environmental protection, such State may completely prohibit the discharge from all vessels of any sewage, whether treated or not, into such waters, except that no such prohibition shall apply until the Administrator determines that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for such water to which such prohibition would apply.
