SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the Business and Professional Classification Report to collect information from new businesses to obtain proper industry classification for use in economic surveys and the Economic Census. The survey, conducted quarterly with new respondents each quarter, samples businesses with newly assigned Employer Identification Numbers (EINs) from the Internal Revenue Service (IRS). Businesses can only be selected once for the survey. The survey collects data about a business in such areas as: primary business activity, company structure, size, and business operations. This information is used to update the sampling frame for current business surveys, which ensures high quality economic estimates. Additionally, by ensuring proper industry classification,

this survey reduces burden for the businesses in the five-year Economic Census, as the questions in the census are tailored to the industry in which the business operates.

Respondents will choose the economic sector of their business and then select from a list of business activities. If the respondent does not see their business activity listed, then they will provide a brief description of their business activity. This is the same methodology that the Census Bureau uses in the Economic Census to assign industry classification.

Minimal, non-substantive changes will be made to the wording and organization of existing questions and instructions.

II. Method of Collection

The Business and Professional Classification Report is primarily collected via the internet and telephone follow-up. Those selected for the survey receive an initial letter informing the respondents of their requirement to complete the survey as well as instructions on accessing the survey. Responses will be due approximately 30 days from initial mailing. Respondents will also receive a due date reminder approximately one week before responses are due. After the due date, an overdue notice is sent to nonrespondents. Lastly, the Census Bureau will conduct telephone and email follow-up operations for nonresponse. Throughout the survey, telephone assistance is available for respondents with questions and for those that cannot report over the internet.

Certain Glass Wine Bottles From the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable March 8, 2024.

FOR FURTHER INFORMATION CONTACT: Preston Cox, Scarlet Jaldin, or Theodora Mattei, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5041, 202–482–4275, or (202) 482–4834, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 18, 2024, the U.S. Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation on imports of certain glass wine bottles (wine bottles) from the People's Republic of China.¹ Currently, the preliminary determination is due no later than March 25, 2024.²

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated an investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 29, 2024, the U.S. Glass Producers Coalition (the petitioner) timely filed a request for Commerce to postpone the preliminary CVD determination.³ The petitioner requested postponement of the preliminary determination because Commerce needs additional time to collect and analyze questionnaire

responses from the Government of China and the mandatory respondents in this investigation, given the complexity of the issues presented and the number of subsidy programs under investigation, and to issue supplemental questionnaires.⁴

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds there are no compelling reasons to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, May 28, 2024.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

Notification to Interested Parties

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: March 4, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

On September 6, 2023, Commerce published in the **Federal Register** the *Preliminary Results*¹ of the 2021–2022 administrative review of the antidumping duty order on HFC blends from China² and invited interested parties to comment.³ Subsequent to the *Preliminary Results*, we received case briefs and rebuttal briefs from Sanmei and the American HFC Coalition (the petitioner).⁴ On December 6, 2023, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce extended the deadline for issuing these final results until March 1, 2024.⁵ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁶

Scope of the Order

The products subject to the *Order* are HFC blends from China. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.⁷
