

automotive lighting product manufacturing facility (250 employees). Under the current expansion plan, the NAL facilities' production capacity will be almost doubled (to 100 million units per year) with the addition of up to 1.2 million square feet of production area within proposed Site 3. Activity at the new facility would be similar to existing production at the Salem and Flora sites, involving design, injection molding, plating and assembly of motor vehicle headlamps, rear combination lamps, high mount stop lamps, turn signals, dome and trunk lamps, fog lamps, side marker and license plate lamps using domestic and foreign-origin components. Foreign-sourced components and materials (about 19 percent of total purchases) include (with scope increase): various polymers and resins in primary form (HTSUS Ch. 39), articles of rubber and plastic, parts of lighting equipment, wiring harnesses, bulbs, gaskets/seals, fasteners, optical elements of glass, certain electrical apparatus (including motors, switches), springs, articles of copper, printed circuits, lamps and lenses, optical fiber and cable/bundles (duty rates: free – 12.5%, 1.1¢/kg+2.9%).

FTZ procedures exempt NAL from Customs duty payments on the foreign components used in export production (16% of shipments). On its domestic sales (including NAFTA markets), the company is able to choose the duty rates that apply to finished automotive lighting equipment and parts (duty free, 2.5%) for the foreign components possessing higher duty rates. The auto duty rate (2.5%) applies if the finished lighting products are shipped via zone-to-zone transfer to U.S. motor vehicle assembly plants with subzone status. The request indicates that the savings from FTZ procedures will continue to help improve the facilities' international competitiveness.

### Foreign-Trade Zones Board

[Docket 44-2001]

#### **Foreign-Trade Zone 49—Newark/Elizabeth, NJ, Application for Subzone, Movado Group, Inc., (Watches; Certain Consumer Goods), Moonachie, NJ**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port Authority of New York and New Jersey, grantee of FTZ 49, requesting special-purpose subzone status for the watch and consumer goods warehousing/distribution/repair facility of the Movado Group, Inc., (Movado), in Moonachie, New Jersey. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 31, 2001.

The Movado Group, Inc. (100,000 sq. ft. on 4.5 acres) is located at 105 State Street in Moonachie, New Jersey. The facilities (285 employees) are used primarily for storage, inspection, repair, packaging and distribution of wristwatches and clocks and watch parts. The company also distributes a variety of other consumer goods, including the following: writing instruments, sunglasses, steel and silver gifting items, silverware, jewelry, glassware, apparel and clothing accessories, tableware and other household articles, shaving preparations and other toiletries, and perfumes and toilet waters. Almost all of the products are sourced from abroad and some 5 percent are currently exported.

Zone procedures would exempt Movado from Customs duty payments

on foreign products that are reexported. On domestic sales, the company would be able to defer payments until merchandise is shipped from the facility. The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.
