

at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the documents are submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email notice confirming receipt of the document. The E-Filing system also distributes an email notice that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC Meta System Help Desk through the "Contact Us" link located on the NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>, by email to MSHD.Resource@nrc.gov, or by a toll-free call at 1-866-672-7640. The NRC Meta System Help Desk is available between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday, excluding government holidays.

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon

depositing the document with the provider of the service. A presiding officer, having granted an exemption request from using E-Filing, may require a participant or party to use E-Filing if the presiding officer subsequently determines that the reason for granting the exemption from use of E-Filing no longer exists.

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket which is available to the public at <http://ehd1.nrc.gov/ehd/>, unless excluded pursuant to an order of the Commission, or the presiding officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. However, a request to intervene will require including information on local residence in order to demonstrate a proximity assertion of interest in the proceeding. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

Dated at King of Prussia, Pennsylvania, this 8th day of October 2014.

Chief, Decommissioning and Technical Support Branch, Division of Nuclear Materials Safety, Region I.

FOR FURTHER INFORMATION CONTACT:

Grace Kraemer, Attorney, or Catherine B. Klion, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026; 202-326-4024. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: The Employee Retirement Income Security Act of 1974 (ERISA) contains three separate sets of provisions—in Title I (Labor provisions), Title II (Internal Revenue Code provisions), and Title IV (PBGC provisions)—requiring administrators of employee benefit pension and welfare plans (collectively referred to as employee benefit plans) to file returns or reports annually with the Federal government.

PBGC, the Department of Labor (DOL), and the Internal Revenue Service (IRS) work together to produce the Form 5500 Annual Return/Report for Employee Benefit Plan and Form 5500-SF Short Form Annual Return/Report for Small Employee Benefit Plan (Form 5500 Series), through which the regulated public can satisfy the combined reporting/filing requirements applicable to employee benefit plans.

The collection of information has been approved by OMB under control number 1212-0057 through June 30, 2017. PBGC intends to request that OMB extend its approval for three years, with modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is proposing several modifications to the 2015 Schedule MB (Multiemployer Defined Benefit Plan Actuarial Information) and instructions and the Schedule SB (Single Employer Defined Benefit Plan Actuarial

Information) instructions. These modifications affect multiemployer defined benefit plans covered by Title IV of ERISA.

Based on a recommendation made by practitioners, PBGC is proposing to modify the Schedule MB to require plan administrators of all multiemployer plans to report on line 4 the funded percentage for monitoring the plan's status. Currently, only plan administrators of multiemployer plans in critical or endangered status are required to report this information on line 4. (Plan administrators of all multiemployer plans are currently required to report information that can be used to calculate this funded percentage on line 1 of the Schedule MB.)

PBGC is also proposing to modify the Schedule MB instructions to add RP-2000 and RP-2000 (with Blue Collar Adjustment) to the list of mortality tables for non-disabled lives that plans may report in line 6c. (Plans that use these mortality tables currently report under the category "Other".)

The Schedule MB and instructions would also be modified to add a new question in line 8b that would require large multiemployer plans (500 or more total participants as of the valuation date) to provide in an attachment a projection of expected benefit payments to be paid for the entire plan (not including expected expenses) for each of the next ten plan years starting with the plan year to which the filing relates. For this purpose plans would assume no additional accruals, experience (e.g., termination, mortality, and retirement) is consistent with the plan's valuation assumptions, and no new entrants would be covered by the plan.

PBGC is proposing to modify the Schedule SB instructions to simplify the alternative age/service scatters that cash balance plans with 1,000 or more active participants have an option to report on an attachment to line 26.

PBGC estimates that it will receive approximately 25,000 Form 5500 and Form 5500-SF filings per year under this collection of information. PBGC further estimates that the total annual burden of this collection of information will be 1,200 hours and \$1,357,000.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,
