Hazardous Waste Management System: Identification and Listing of Hazardous Waste: Conditional Exclusion From Hazardous Waste and Solid Waste for Solvent-Contaminated Industrial Wipes

AGENCY: Environmental Protection Agency.

ACTION: Data availability, management approaches, and request for comment.

SUMMARY: This notice of data availability (NODA) invites comments on a revised risk analysis supporting the Environmental Protection Agency's (EPA) proposed revisions to the Resource Conservation and Recovery Act (RCRA) hazardous waste regulations governing the management of solvent-contaminated wipes. The revised analysis addresses public comments received on the risk screening analysis conducted on EPA's 2003 **Federal Register** proposal to exclude solvent-contaminated wipes from the RCRA definitions of solid and hazardous waste. To address these comments, EPA updated the data, models, and approach used in the risk analysis and then had the product peer reviewed by outside experts. The revised risk analysis, as well as the peer review comments and our response to those comments are available in the docket for this NODA. The NODA also invites comment on specific issues in light of the results of the revised risk analysis.
